## DIXON'S REQUEST IS TURNED DOWN

Col. Harry New Refuses to Give Up 250 Tickets to Roosevelt.

(Continued from Page 1.)

can convention, received today a request of Senator Dixon, head of the Roosevelt committee, for 250 tickets to the national convention for the Roosevelt national committee, to which he replied that the committee would be unable to grant the request.

Colonel New explained that in other conventions the national committee had never recognized candidates in issuing tickets of admission. Four years ago 150 tickets were given to President Roosevelt and none were issued for Taft. This year the committee has arranged for 150 tickets to be given to President Taft for the use of his friends, cabinet officers and government officials and no provision has been made for the supporters of the candidacy of Colonel Roosevelt.

Frank W. Knox, Roosevelt manager in Michigan, said that a protest in the form of a memorial to the convention protesting against the manner in which the Taft delegates from Colorado were chosen might be sent and if so, the protest would be borne by Judge B. B. Lindsey and Mayor-elect Arnold of Denver.

### WILL BAR PICTURES.

Chairman F. W. Upham of the Chicago convention committee today decided that neither the license of coming to Taft nor a picture of Colonel Roosevelt should be used in the convention hall. The Roosevelt leaders yesterday asked that if a picture of President Taft was to be displayed, equal prominence be given to a likeness of Colonel Roosevelt.

Contractors reported that Colonel Roosevelt would not attend the contest hearings and the convention itself were heard. Colonel New and Fred Upham were confident that a suit had been reserved for Colonel Roosevelt in a hotel near the headquarters. The Taft leaders in Chicago expect that Colonel Roosevelt will be here to take charge of the contest brought by his followers and also remain in Chicago during the convention.

Knox declared that he talked to Colonel Roosevelt less than a week ago and was positive Colonel Roosevelt had not the slightest idea of coming to Chicago. "Roosevelt will have more than 600 votes on the first ballot," said Knox. "The talk of a second convention has been started by Taft men merely to make trouble. We expect that the national committee will be fair and seat our contesting delegations where that is the right thing to do."

## Forest Fires Destroy Timber in Alaska

SEATTLE, May 30.—Dispatches from Dawson, Yukon territory, received today say the forest fires are still burning north and south of Dawson and the standing timber has been destroyed. Hundreds of square miles of wood, piled along the river bank for use of the boats and the milling camps, have been burned. There has been no rain in the Yukon this season and grass and timber are as dry as powder.

## PICNICKER FINDS SUICIDE'S BODY

Body of J. G. Filady Is Found Swinging From Tree.

BERKELEY, May 30.—The body of J. G. Filady, a laborer living in San Francisco, was found suspended from the branch of a tree in the eucalyptus grove on the crest of the hills north-east of the city, shortly after 1 o'clock this afternoon, by Miss Carrio Whitehead of 1333 Bonita avenue. Filady had apparently been dead about two days.

Miss Whitehead was a member of a picnic party which had spent the forenoon in the hills and in Wildcat canyon. This afternoon she strayed away for awhile from the rest of the party and was making her way through the grove alone, when turning a tree alone she came upon the body.

Filady had apparently climbed the tree to a branch 25 feet from the ground and here he had fastened the rope securely to the branch and the other end about his neck and had jumped from the branch into space. According to the deputy coroner his neck must have been instantly broken by the fall.

From cards and papers in his pocket his name was ascertained and his residence found to be 345 Third street, San Francisco. He was dressed in laborer's clothes and was apparently about 35 years of age. No hint of his reason for suicide could be learned from any papers on his body. The remains were removed to the Berkeley branch morgue.

## SENATE PASSES PENSION MEASURE

Bill Carries Appropriation of \$164,500,000 on the Increase.

WASHINGTON, May 30.—The Senate passed today the pension appropriation bill already passed by the House. It carries \$164,500,000 an increase of \$12,500,000 over the amount appropriated by the House. The increase was to meet the expenses growing out of the heavy volume of claims under the new law.

## Contribute \$2500 To Oakland Hotel

Hale Brothers Aid Substantially in Raising of Furnishing Fund.

A subscription to the Oakland Hotel furnishing fund which has materially lessened the amount to be raised is that of Hale Brothers, the well-known merchants, who have subscribed \$2500. This is one of the largest contributions to the fund. W. J. Layman, Walter Leimert and Frank J. Woodward, the hotel subscription committee, reported success in their efforts to put the big hotel on Thirteenth street in luxurious condition for occupancy. They are being aided in a substantial manner by the Oakland Real Estate Association, which is conducting a campaign.

## KRUGER NUMBERS WERE GREATLY APPRECIATED

SAN FRANCISCO, May 30.—Educators and their friends who crowded into the Alcazar theater to participate in the Teachers' institute exercises last Monday afternoon, thoroughly appreciated the musical treat given them by George Kruger of this city. Kruger's rendering of the Chopin Polonaises, op. 53, with the dash and boldness which he gave it, the wonderful Octave Staccato passage representing the rush of the cavalcade, and his grandeur of bass modulations were most creditable. The "Romance" by Lischitzky was well interpreted. La Campanella, written by Paganini-Liszt, was given with brilliancy of tone and force. For an encore, Rubinstein's Octave Study gave some idea of Kruger's versatility.

## MERCEDES LEADS FIRST 250 MILES

De Palma Breaks the World's Record on Indianapolis Speedway.

(Continued from Page 1.)

world—the second annual running of the American 500 miles sweepstakes. At daylight began the race from the city to the speedway park by train, trolley and touring cars. Soon the grandstands on the outer edge and the parking space on the inner circuit of the track were filled with enormous crowds. They came to see twenty-four of the most famous drivers and cars battle for honor and fortune in the greatest race of motordom.

The course, washed clean of its black and dangerous coat of grease accumulated during weeks of practice grind, glistened in the sunlight when the big motors pulled out along the repair pits, swarming with mechanics. Harroun and his Marmon last year did the distance in 6:42:08, and every pilot today was determined to cut this mark in his effort to come in on the \$20,000 offered for the winner of the race.

A crowd estimated at 75,000 cheered as the drivers swept out on the track for the brake test. Women standing in the boxes and in the hundreds of cars parked in the field, their modish motor daubed with the dirt of the oiled boulevards leading to the speedway, waved their veils in greeting to the be-toggled pilots and mechanics who were soon to risk their lives for the glory of the racing automobile.

With an explosive roar of the enormous engines especially built for this ultimate test of speed and endurance, the cars came together at the electric timing wire at 9:50. In a tumult of cheering, Starter Wagner let the cars go at 10 o'clock. The cars made one parade lap and coming again to the wire, leaped into the race, pressing together in a blinding cloud of burning gas.

TETZLAFF LOSES LEAD. Teddy Tetzlaff in his Fiat made the first round of two and one-half miles in 1:43:45. Then he lost the lead to Ralph De Palma. De Palma held his lead at the twenty miles, which he covered in 14:23, bettering the old record of 15:29 set by Marquis in an Isotta at Los Angeles. Spencer Wishart, in a second Mercedes, kept at De Palma's rear, wheeling with Bruce Brown, National third. Ormsby's Opel broke its gasoline line and he drew out.

At fifty miles De Palma still led and was ahead of Bruce Brown, who came into second place, and Mulford (Knox) crept into third. The terrible pace began to tell on tires. Johnny Jenkins came into the stretch with one tire of his White whipping the track like a flail. The car swung perilously but Jenkins held it there. Zenger's Stutz cast a tire high in the air, but he, too, came safely to his pit.

World's records went down all along the first 100 miles. De Palma leading, set a new mark of 1:13:01 over Tetzlaff's old record of 1:14:29. Joe Dawson, in a National, pounded into second place and Wishart took third.

Bruce Brown withdrew his National and Harry Knight his Lexington because of engine trouble. PLUNGES INTO FENCE. Turning into the stretch in the sixth lap Marquette's machine, a McFarland, skidded and plunged against the retaining fence. The front wheels of the car were broken off. Marquette and his mechanic were not injured.

Prayer withdrew his Firestone-Columbus because of gear trouble. Tire trouble overtook De Palma's Mercedes in the 180th mile and he stopped for a change, but at the 200 mile mark he kept his lead and had set a new record of 2:24:48. The former mark was 2:39:28, made by Bruce Brown in a Fiat last year.

Anderson's Stutz blew a tire in his eighth lap and the car switched completely around. Anderson and his mechanic held their seats. The car was taken off the track. The Case No. 6, driven by Whallon, relieving Horne, broke a crank shaft and was withdrawn.

## CHINESE ORDAINED CALIFORNIA PASTOR

Second of His Race to Occupy the Pulpit in This State.

SAN FRANCISCO, May 30.—Three Americans and one Chinese, the second of his race to occupy such a position in California, were ordained ministers of the gospel yesterday afternoon at the ordination ceremonies that attended the dedication of the Grace Pro-Cathedral Divinity School. They are W. H. Hermitage, A. V. Darvall, Ross Turman and Daniel Ng Sing.

To them was given the honor of planting the ivy about the recently completed George William Gibbs Memorial Hall at 1051 Taylor street. The school is the gift of Mrs. Gibbs and adjoins the proposed San Francisco cathedral site. The planting of the ivy was a ceremony that had been planned by Bishop Nichols.

Upon its conclusion the building was thrown open to public inspection and hundreds went through it, praising its completeness.

Bishop Sanford of the San Joaquin diocese, in his address to the graduates, discussed the many changes in the diocese and the significance of the ministry. He declared that the training of young men for the church was a guarantee to the world of the efficiency and strength of character of those who take up the work of the Lord. At the conclusion of the sermon by Bishop Sanford communion was administered by Bishop Nichols.

The formal ceremony of dedicating the building to the university of the tablet inscribed "George William Gibbs Memorial Hall." Bishop Nichols spoke of the ambition of Gibbs, which was of years' standing, to establish the hall and he also paid tribute to the man as a pioneer, citizen and devout Christian.

Bishop Nichols turned to Mrs. Gibbs at the conclusion of his remarks and made a pretty acknowledgment of the gift.

The building has been in use for five months, but the dedication was postponed so as to coincide with the graduation of the four students.

## HAYWARD WOULD SPARE THE ROD

The Citizens Plan Indignation Meeting Aimed Against Mabrey.

HAYWARD, May 30.—An indignation meeting of the citizens of Hayward will be held tonight to consider ways and means of abolishing the system of corporal punishment in the Hayward grammar schools, which is charged with being used to excess by Principal B. N. Mabrey who recently had to answer charges of assault against Walter Lamb, the 13-year-old son of Joseph Lamb.

The gathering will be presided over by Herman G. Walker, attorney for the parties who have been endeavoring to have the principal ousted. Resolutions will be drawn up condemning the school trustees for not having prompt action relative to the charges of cruelty against Mabrey.

### CLEVER SOUTHERN MUSICAL PLAY TO BE PRODUCED

MISS DORIS HADLEY.  
—Webster photo.

FRANK TIFFANY.

With all signs pointing to a great success, the First Congregational Cadets of this city will present "My Southern Rose," a beautiful two-act musical comedy of the South. The strong cast has completed its final rehearsals and is in a perfect condition for presenting the comedy for the first time in Oakland.

Howard Renwick, the popular Ye Liberty actor, and Miss Gertrude Chappelle, formerly of the Oakland High School, will be seen in the title roles. The latter will render several of the very latest songs hits in addition to her part.

The incomparable amateur English comedienne, Bert Blenheim, will play the character of an English lord, and besides will feature many English novelties throughout the play. Miss Margaret McFadden will support the leads in a very pleasing manner. Thomas Cutting and Frank Tiffany, in the roles of dandies, will keep the audience in uproar with their actions.

Beautiful scenery has been prepared for the opening of the second act being especially pretty. The curtain rises slowly presenting a Southern mansion, beneath swaying colored lanterns. A special electrical effect will here be most pleasing.

PLAY WELL MANAGED.  
The play is being produced under the management of Elmer Ross and coached by Howard Renwick. Jack Cass and Roland Springer are the stage managers in the production. A dance will follow the show.

### ACQUITTED AFTER A SECOND TRIAL

Harry Prescott Freed by Jury  
of the Charge of  
Murder.

After the acquittal of Harry Prescott for the murder of Ralph Thompson by a jury in Judge Ellsworth's court late yesterday, some of the jurors shook hands with Prescott.

The first trial resulted in a disagreement. Prescott broke down many times during the progress of the trials, but seemed unaffected at the news of his freedom and walked slowly away with his head bowed.

Prescott shot Thompson on the night of February 28 of this year. After an absence of several months he returned home and found Thompson in the company of his wife, Kate Prescott.

Mrs. Prescott was absent when the verdict was read yesterday and she refused to testify in the behalf of Prescott at the first trial, but her sister, Mrs. Maud Clark, gave some incriminating evidence against him. The prosecution was conducted by Chief Deputy District Attorney Philip N. Carey.

Prescott, who is broken in health, will go to the mountains of Trinity county.

### JURY OUT 5 HOURS FREES BOARMAN

Five Hours of Deliberations  
Result in Acquittal of the  
Accused Youth.

Warren R. Boorman, the 17-year-old boy employed as a clerk in the Wells Fargo Nevada National bank of San Francisco, and charged with holding up Harry Richardson, an Alameda milk-wagon driver, on the night of March 23 was acquitted by a verdict of not guilty at 10:45 o'clock last night, after the jury had been out more than five hours.

Boorman is a member of one of the best known families of Alameda, and since his arrest at 10 o'clock on the night of the holdup of Richardson by Patrolman Charles Dusen, and informed of the attempted robbery, has protested his innocence.

Assistant District Attorney W. H. L. Hynes prosecuted and Judge A. F. St. Sure and Attorney J. L. Rose were counsel for the defense. Hynes' first witness was Richardson, who told of the manner in which a man answering Boorman's description leveled a revolver at his head and searched him for money. He explained that he had no money on his person at the time, and that the young highwayman took nothing.

Dusen was the next witness for the prosecution. He told of coming upon Boorman within a block of the scene of the holdup, the finding of the revolver in his pocket and his arrest. Boorman testified for the defense and told of having been at a Webster street poolroom on the evening of the holdup. He said that he left there at 9:40 o'clock to take a short walk. He was proceeding along Eighth avenue when arrested by Dusen.

SL Sure took the stand in behalf of his client, and testified that he had interviewed Richardson on the morning following the arrest of Boorman. He said that Richardson told him that the only means by which he identified Boorman as his assailant was by his long coat and flat hat.

Half a score of prominent business men of Alameda took the stand and testified as to the good character of Boorman. The case was submitted to the jury without argument.

GRAVES RECALL  
GREAT STRUGGLEIsabel M. Morgan Tells of Visit  
to Arlington National  
Cemetery.

(By ISABEL M. MORGAN.)

Following our visit to the capitol and Congressional library, we went on the tramway to Arlington cemetery. Only an American who appreciates what patriotism means in its truest sense can conceive one's emotion as one enters the shrine where the noblest of our countrymen lie. Along the hillside, in regular rows, their headstones are set, just as in life their ranks went forward to fight the foe. Over them trees throw their shadows and the flowers blossom when winter's throes are ended. We read the names well known to fame—Sheridan, Sherman, Farragut, and others who belong in the long list of those whose patriotic and valorous preservation of the noble union formed by our high-minded, self-sacrificing ancestors.

On each small stone a name was carved, in memory of some hero slain in his effort to serve his loved country. The mortal remains may have been hastily laid in a trench at Cold Harbor, at Chancellorsville, or upon some other field of battle. Sometimes a headstone gives the name of the soldier whose fate was never known, save that he was seen in the forefront of a deadly fray and when the roll call followed the engagement, there was no one to say aught of him, save that one great word, "Missing."

As we walked toward the beautiful Potomac, the old home of General Robert E. Lee, now used as offices in which business connected with the cemetery is transacted, came within our range of vision. The irony of fate stood out, prominently, as we reflected upon the difference in the lives of the two greatest generals of the Civil War. One refined gentleman in his quiet gray clothes passed the remaining years of his life after the sanguinary conflict of brothers had ended, teaching, almost in obscurity, in a boys' school in Virginia. General Grant's years, following the Civil War, were filled with honors. During his European travels he was honored, not because he had been president of the grandest country of the globe to which may come all nations, but as the most successful and victorious general in the war of greatest magnitude ever waged since history began its records.

## RECALLS LEE'S DEATH.

All these thoughts floated around us as we stood on the veranda of General Lee's old home. The scene was heavy as we recalled the hardships of those whose wounds still gave them pain which only death's summons could end, and of the misery endured by war, when a comrade's infant entered the cemetery bearing the body of a dead comrade. They lowered him into his long home, as the unperturbed rites of a soldier's funeral were performed. The body of General Lee was lowered, when "Hark! Stealing across the soldiers' graves, came the solemn strains of Chopin's "Funeral March." Its world, soul-piercing tones, wandering across the snow and saturated sod, between blocks and monuments of marble, mingled with the music of the tramp of cavalry and the rumble of a heavy artillery wagon upon which rests the animating form of General Sherman, recently brigadier general of the United States army and a highly esteemed friend of all who knew him. The spirit had fled. Slowly, solemnly, came the great general, in his carriage, as we the relatives of the deceased officer.

## FLOWERS ON GRAVE.

The cavalry dismounted and, on foot, approached the open grave, around which had been placed floral offerings of rare and beautiful designs in lavish profusion. After halting the procession reformed in another order. The military band was soon grouped around the grave, and "Nearer My God to Thee" rose appealingly from the brass so effective in the open. Midst trees and tombstones stepped forward with the flower-laden casket and placed it into the grave. The soldier's final resting place. The soldier's burial service is brief, but true were tears in the aged army chaplain's voice, before he had finished reading it. As the brass instruments sobbed out their mournful music, this time it was the favorite of sweet Mrs. McKinley, "Lead Kindly Light."

Slowly the casket was lowered. We could but think—"Where are you, soldier now, soldier your caplets, your pride of bearing?" "Taps" is sounded. The cannon's boom rolls across the sleeping multitude. There is no more record, save that the gaping hundreds of African-Americans fell into a mob behind the cavalry marching to the gates, where their hundreds of neighing horses were tied. Generals, relatives, friends, soldiers, the curious ones, quietly withdrew, leaving the brave and warlike with his comrades there, like him to sleep in the cemetery at Arlington, until such time as God may summon them from their slumbers by the rolling Potomac.

PREDICTS DYNASTY  
FOR THEODORE FIRST

LONDON, May 30.—The Evening Globe, in speaking of Roosevelt's success in the New Jersey primaries, says editorially: "At the present rate of progress, he should be president for eight years more, and by that time perhaps his ambition will be satiated."

"The curious may perhaps be inclined to speculate as to whether Roosevelt's possible re-election foreshadows the founding of a dynasty, but this only the future can show."

PASTOR RESIGNS  
GREEN ST. CHURCHRev. E. L. Walz Leaves to  
Take Long-Needed  
Rest.

SAN FRANCISCO, May 30.—The members of the Green Street Congregational Church met last evening to bid farewell to their departing pastor, Rev. E. L. Walz, who is leaving the church for a rest in the country.

Regret was expressed at the meeting that there had been some public misunderstanding of the reasons for the recent resignation of Rev. Mr. Walz. "Neither myself nor the membership," said Mr. Walz, "consider that the last six years' work done in this locality by the church has been a failure. Our church was the first substantial building to go up in this locality after the fire. We now have a building, paid for in full, which cost \$43,000, and is one of the best equipped churches for institutional work in the country. All of this work of rehabilitation has been directed by Mrs. Walz and myself.

"We have a well-equipped gymnasium, with a woman to instruct the girls and a man for the boys. We have a roof garden, which is used for a playground for children, auditorium, social hall, reading rooms and a growing library.

"The majority of the people whom we are attempting to reach are of foreign birth. Recently, when Mrs. Walz and I were in the East, we obtained from the Congregational church an income of \$2500 annually to be used in this work. And recently the Presbyterians, foreseeing the coming of emigrants after the opening of the canal, sent an agent out to look for a base through which they might meet the problem. I offered them the use of the church free of charge, there being ample capacity for assembly.

## PROVIDE INCOME.

"The result of this is that the Presbyterians have also provided an income of \$2500 annually, and in addition there are local subscriptions from the outside amounting to about \$1000, and the church membership has provided for \$1000 additional. Having secured this income for the work, in addition to building and paying for the church, I felt the field was opened and cleared for great service.

"But I also discovered that in this six years' task I had exhausted much of my own nervous energy. I felt that a fresher man should come in and take charge of the work. I had been in the church for a rest for a year or more, and I had resigned. The church voted me \$800 to enable me to take a vacation, but I have declined to promise to return after the vacation, as I feel that would not be fair to the church, which is taking charge. Any man taking over the work should feel that it is his own to build up.

"The work to be done from this church, as planned now, is to be institutional Protestant churches as care to come in."

The Green Street Congregational Church, upon recommendation of Rev. Mr. Walz, who was present to address the assembly, voted to resign the pastor of New York City to the work. Rev. Walz is a minister of the Baptist church, but has lived for twenty-six years in Italy and is believed to be peculiarly fitted to the work.

GERMAN STATESMAN  
TO ADDRESS SOCIALISTS

Karl Legien will address his countrymen in Oakland on the evening of May 31, at 8 o'clock, in Germania hall, Seventh and Webster streets, at a mass meeting to be held in honor of the German statesman.

Legien, being one of the chief spokesmen for 4,250,000 German voters, as a Socialist member of the Reichstag, Herr Karl Legien is the president of the Trades Unions of Germany, a position equivalent to that occupied by Samuel Gompers in the United States. The German Socialists number half a million more members than are comprised in the American Federation of Labor. Herr Legien is also chief executive official of the International Board of Trades Unions, which includes the chief union officials of nearly every country in Europe.

Herr Legien will speak on the relation of German trades unionism to Socialism and will appear under the auspices of the German Singing society of Oakland.

## Discouraged

The expression occurs so many times in letters from sick women, "I was completely discouraged." And there is always good reason for the discouragement. Years of pain and suffering. Doctor after doctor tried in vain. Medicines doing no lasting good. It is no wonder that the woman feels discouraged.

Thousands of these weak and sick women have found health and courage regained as the result of the use of

HERO OF FLAMES  
IS BIG TIGER CATPasses Through Fire in Which  
Nine People Perished at  
St. Johnsbury.

ST. JOHNSBURY, Vt., May 30.—Passers through the principal business streets of this village often pause in front of a store where embroidery goods are sold to admire a large tiger cat basking in the window. Not an who pass realize, however, that in addition to having reached a remarkable age, 15 years this spring, he has the distinction of having passed safely through a fire in which nine persons perished and more than \$50,000 worth of property was destroyed.

Fifteen years ago the cat, whose only name is "Puss," came when half-grown to the St. Johnsbury House, which was then kept by Mr. and Mrs. B. C. Howe. He occasionally wandered away for a few months at a time, but always returned to the Howe family. Latter the family left the hotel and the cat made his home with Mr. and Mrs. Carl M. Howe.

When the Citizens Savings Bank burned two years ago last fall, Mr. and Mrs. Howe were occupying a flat on the third floor. Awakened by the cry of fire, they made their way through the smoke and flames in the hall to the outside air. Mrs. Howe carrying the cat in her arms. Reaching the ground "Puss" disappeared, and for a few days it was supposed he had gone back into the building, but it was not until he had returned to a house on Pearl st. where his mistress had lived several years before. His whiskers were gone and his fur badly singed, but despite his advanced age he lived today, when other animals who were in the block and so many human beings perished.

He is to be seen every weekday among the pillars covers and centerpieces in the window and in the hall to the outside air. JOAQUIN MILLER  
READS 'COLUMBUS''Poet of Sierra' Wins Applause  
of Motion Picture  
Audience.

BERKELEY, May 30.—Joaquin Miller, poet of the Sierra, broke into vaudeville, this afternoon. His contribution to local theatrical history consisted only in the reading of his most famous poem "Columbus," but even this brief number won for the grizzled writer a storm of applause from a big audience.

The presentation of a film depicting the voyage of Columbus was made the occasion for the poet's appearance. He introduced by W. W. C. A. before they leave their homes. Their names will then be forwarded to San Francisco and other bay cities, with the probable date of their arrival. They will here be met by a paid agent of the local association, who will extend to them needed aid in securing proper rooms, directions about the city, and other matters of safeguard.

Miss Geary quoted census bureau statistics to the effect that 77 per cent of the women who lead shameful lives are country reared. The extension of the association's work among the rural towns is considered by the national officers to be the most important departure of recent years.

War Department  
Balloon Is Missing

OMAHA, May 30.—Balloon No. 11 of the war department, which ascended at Port Omaha yesterday for a short flight, had not been heard from this morning. The balloon was piloted by W. S. Assman of St. Louis and carried Lieutenants Karl Truesdale, C. A. Dravo, Alfred Brown and D. R. Roscoe. The small basket was considerably cracked and it was expected the party would stay aloft more than two or three hours. The flight started in a southeasterly direction.

Later it was learned that the balloon landed safely last night near Burlington Junction, Mo., 50 miles from the place of ascent.

MOTHER AND BABY FALL,  
BOTH SKULLS FRACTURED

NEW YORK, May 30.—Stumbling over a piece of loose tin at the top of a flight of stairs at her home recently, Mrs. Rebecca Rosenthal, of No. 240 East 124th street, carrying a two-month-old baby, fell to the bottom. The mother and child were later removed to the Harlem Hospital, both in a critical condition, each receiving a fracture of the skull.

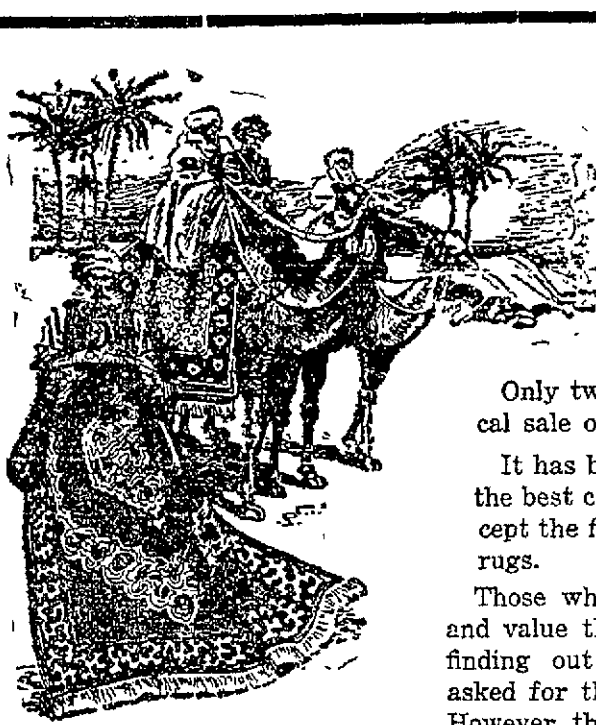

Mrs. Petrina Russ, a neighbor, heard the noise and found the mother and child in the hall, unconscious. She informed Mrs. Rosenthal's husband and then called in Patrolman Larkin, who sent for the ambulance.

## Oriental Rugs

Only two more days—Friday and Saturday—of the great exhibition and economical sale of Persian and Turkish masterpieces in Oakland.

It has been the assertion of all visitors, purchasers and connoisseurs that this is the best collection they have ever inspected, because it does not include any rugs except the finest kind of the Persian and Turkish rugs.

Those who have bought Oriental rugs before and value them highly have been surprised in finding out the exceptionally moderate prices asked for these masterpieces of the Far Orient. However, the reason of that is very simple. Buying direct from the weavers in the Orient, having a limited time to transact business, and being not under big expense Mr. Najarian is enabled to offer prices which can not possibly be equaled.

Do you want a real investment? Do you want a practical, an unexcelled, and almost an everlasting wedding present? Do you want an article which will beautify your home in such a way that no other product of art can surpass it? Here is your opportunity—two days only.

Whether desiring to purchase or not you, the lovers of choice Oriental Rugs, ought to visit this great exhibition and economical sale in order to see the world's best taste expressed in rugs, and learn about their history, materials and workmanship before Saturday night.

PLAN TO CHEAT  
SLAVERS OF PREYY. W. C. A. Leaders to Begin  
Campaign to Safeguard  
Fair Visitors.

Fuller precautions to protect the women and girls who come to the 1915 Exposition from the agents of the underworld was the topic at the final meeting of the conference of local Y. W. C. A. workers, which came to an end at the First Presbyterian church last night. Miss Blanche Geary, national secretary, of New York led the discussion. The convention took action immediately to begin work for a world-wide protective league.

"On the occasion of all big fairs and exhibitions," said Miss Geary, "evil influences are sure to find their way to the unwary or inexperienced girls and women. This has been established beyond a doubt by the experience of all past exhibitions. By beginning now to plan for our system, we will be assured of far-reaching help and aid to this class of visitors, when the 1915 Exposition opens."

The plan is to invite all girls and women throughout the world to register with the Y. W. C. A. before they leave their homes. Their names will then be forwarded to San Francisco and other bay cities, with the probable date of their arrival. They will here be met by a paid agent of the local association, who will extend to them needed aid in securing proper rooms, directions about the city, and other matters of safeguard.

DOUBLE WEDDING  
PLANS ARE BROKENSuperstition Has Sway Over  
Cupid's Domain and Date  
Is Put Ahead.

BERKELEY, May 30.—Owing to superstition, Cupid's well-laid plans for a double wedding, in which two sisters were to have married two brothers, have been foiled, and today Rodney Wilson, son of Councilman John A. Wilson of Berkeley, and Miss Jessie Siddon, are man and wife, while William Richmond Wilson, brother of the bridegroom, and Miss Florence Siddon, sister of the bride, are awaiting the happy event, when the nuptials will be celebrated on Thursday, June 6.

The wedding of Wilson and Miss Siddon was solemnized in San Rafael, under a justice of the peace performed the ceremony. Courtshipman Wilson was present at the ceremony and accompanied his son to the clerk's office to obtain the license. Young Wilson lacks one year of being of age.

The Siddon sisters and the Wilson brothers were sweethearts in their school days. The young women were born in Alameda, are orphans and have resided with a sister. The quartet, after plighting their troth, decided upon a double wedding. It was considered expedient to change the plans a few days ago. Miss Jessie Siddon decided on two wedding dates. In her mind there was a certain superstition attached to the act of the two couples being married on the same day. However, it was intended to maintain yesterday's nuptials. A secret until the second wedding on the sixth of next month, but somebody in San Rafael recognized the father of young Wilson and the news of the event reached Berkeley.

Rodney Wilson is manager of his father's hardware and bicycle store in South Berkeley, while his brother is in the railway mail service.

Following the wedding of the second couple the two families will make their homes in apartments in Harmon street, Berkeley.

CAPT. A. M. BURNS  
OF OLD GUARD DIESOnly Survivor of the Early Day  
Pacific Mail Crews Passes  
at 86 Years.

SAN FRANCISCO, May 30.—One of the last of the old guard of California's picturesque pioneers, Captain Aaron M. Burns, a stalwart figure in "the days of old, the days of gold," died yesterday at the Hotel Bellevue, aged 86 years.

With the passing of Burns goes the only survivor of early day skippers of the Pacific Mail fleet which brought so many adventures and goldseekers from Panama in through the Golden Gate when the water was up to Montgomery street.

In vigilante days Burns was the eighth man whose name went on the list of the patriots that overthrew the regime of gamblers and buccannery in San Francisco. It was Captain Burns who prepared the rope which James P. Casey, the gambler, and James P. Casey, the adventurer, for the killing of James King of William in '66.

Captain Burns is survived by a widow, Mrs. Emma Hasson Burns; a son, Jason Gould, and was the stepfather of Mrs. Louis H. Long and grandfather of Miss Olivia Poole Long. Mrs. Long is the wife of the chief engineer of the Southern Pacific Company in Mexico and Arizona. The home of the Longs is in Santa Barbara.

## RUNS AWAY AS BOY.

When a lad of twelve Captain Burns ran away from his native home in Philadelphia to follow the sea. In '49 he was sent to Panama, where he remained for a year before coming to live in San Francisco. Through the

Relieve the Fears of  
Mother.

Helen May, the 17-month-old child of parents residing at 523 Fourth street, was suspected by her mother of having swallowed a pin this noon. She was taken to the Receiving hospital and examined by Steward Platt. She is being held under observation, and the X-ray will be used to determine the correctness of the mother's theory.

## The Sadness of Memorial Day.

The sadness of Memorial Day no longer springs from lament for the heroic dead. Its chief sorrow is in contemplation of the survivors who assemble to honor the memory of their departed comrades—they are so few, so bent, so gray, such pathetic reminders of the fleeting character of everything human. "The paths of glory lead but to the grave." Longfellow wrote that line as a satire. What he stated is a literal truth covering all the teachings of history and philosophy and every lesson of human experience.

The paths of glory lead but to the grave, and so do the paths of dishonor and treason, of cowardice and shame. Mankind marches in an endless procession to one common goal—the grave, there to rest in the bosom of the Mother Earth from which they sprang.

The youth of today shed no tears for those who fell in battle during the war for the preservation of the Union. They feel no sense of loss, no pang of bereavement. They rejoice in the heroic deeds of the men who went out in a mighty host to defend the republic and to vindicate the principle set forth in the opening of the preamble of the Declaration of Independence, "All men are born equal and are endowed by their Creator with certain unalienable rights, among which are life, liberty and the pursuit of happiness." But when they look over the ranks dressed for the Memorial Day parade they see only a thin, gray line of men, old and feeble, mere ghosts of the gallant spirits who went forth to war in the vigor of their youth and the pride of manhood. It is then sadness wells up in the heart. The sorrow is not for the dead who lie sleeping under the sod, but for the worn and weary survivors under sentence who must soon bivouac with the dead, leaving their memory to posterity and their souls with God. The flowers they strew on their comrades' graves inevitably remind them that ere many days flowers will be spread over their biers, and that they, too, will be only a memory.

That is the sadness of Memorial Day in the present. Bye-and-bye there will be no veterans to parade. All will be resting on "fame's eternal camping ground" in grass-grown graves, freed from the pangs of wounds and disease, the infirmities of age and the griefs which are the incontestable heritage of the race.

But the republic still lives, thanks to the men who fought, bled and died to preserve it, and that is something which should claim the devotion of every American. It is a priceless possession. Let us, then, cherish it and be worthy of it, and on each recurring Memorial Day dedicate ourselves anew to the ideals of our forefathers, to liberty and law and the great moral principle which gives order to the universe and teaches justice, reason and virtue to all the generations of men.

The El Paso and Southwestern, which connects with the Rock Island at El Paso, is steadily pushing toward California. Track is now being laid between Fairbanks and Tucson, Arizona, and it will not be long before connection is made with the Santa Fe. Apparently it is the intention to ultimately build into Los Angeles or San Diego, the latter place more likely. Should the El Paso and Southwestern be extended to tidewater on the Pacific, it will give Southern California another competing line to Chicago and New Orleans, the Rock Island furnishing the Chicago connection from El Paso and the Texas and Pacific providing a line to New Orleans.

## A Pettifogging Defender of Anarchy.

Franklin Hichborn, who labors under the delusion that he is divinely appointed to regulate the affairs of the universe, is greatly exercised over the wrongs inflicted on the I. W. W. disturbers in San Diego. He says, with righteous indignation, that they are the victims of mob outrage. But he makes no criticism of the conduct of the I. W. W. and the purposes they have in view. Those purposes are concisely set forth in the report of Colonel Harris Weinstock, the "free speech" commissioner Governor Johnson sent to investigate the San Diego situation, as follows:

- A—That workmen are to use any and all tactics that will get the results sought with the least possible expenditure of time and energy.
- B—The question of right or wrong is not to be considered.
- C—The avenging sword is to be unsheathed with all hearts resolved on victory or death.
- D—The workman is to help himself when the proper time comes.
- E—No agreement with an employer of labor is to be considered by the worker as sacred or inviolable.
- F—The worker is to produce inferior goods and kill time in getting tools repaired and in attending to repair work; all by a silent understanding.
- G—The worker is to look forward to the day when he will confiscate the factories and drive out the owners.
- H—The worker is to get ready to cause national industrial paralysis with a view of confiscating all industries, meanwhile taking forcible possession of all things that he may need.
- I—Strikers are to disobey and treat with contempt all judicial injunctions.

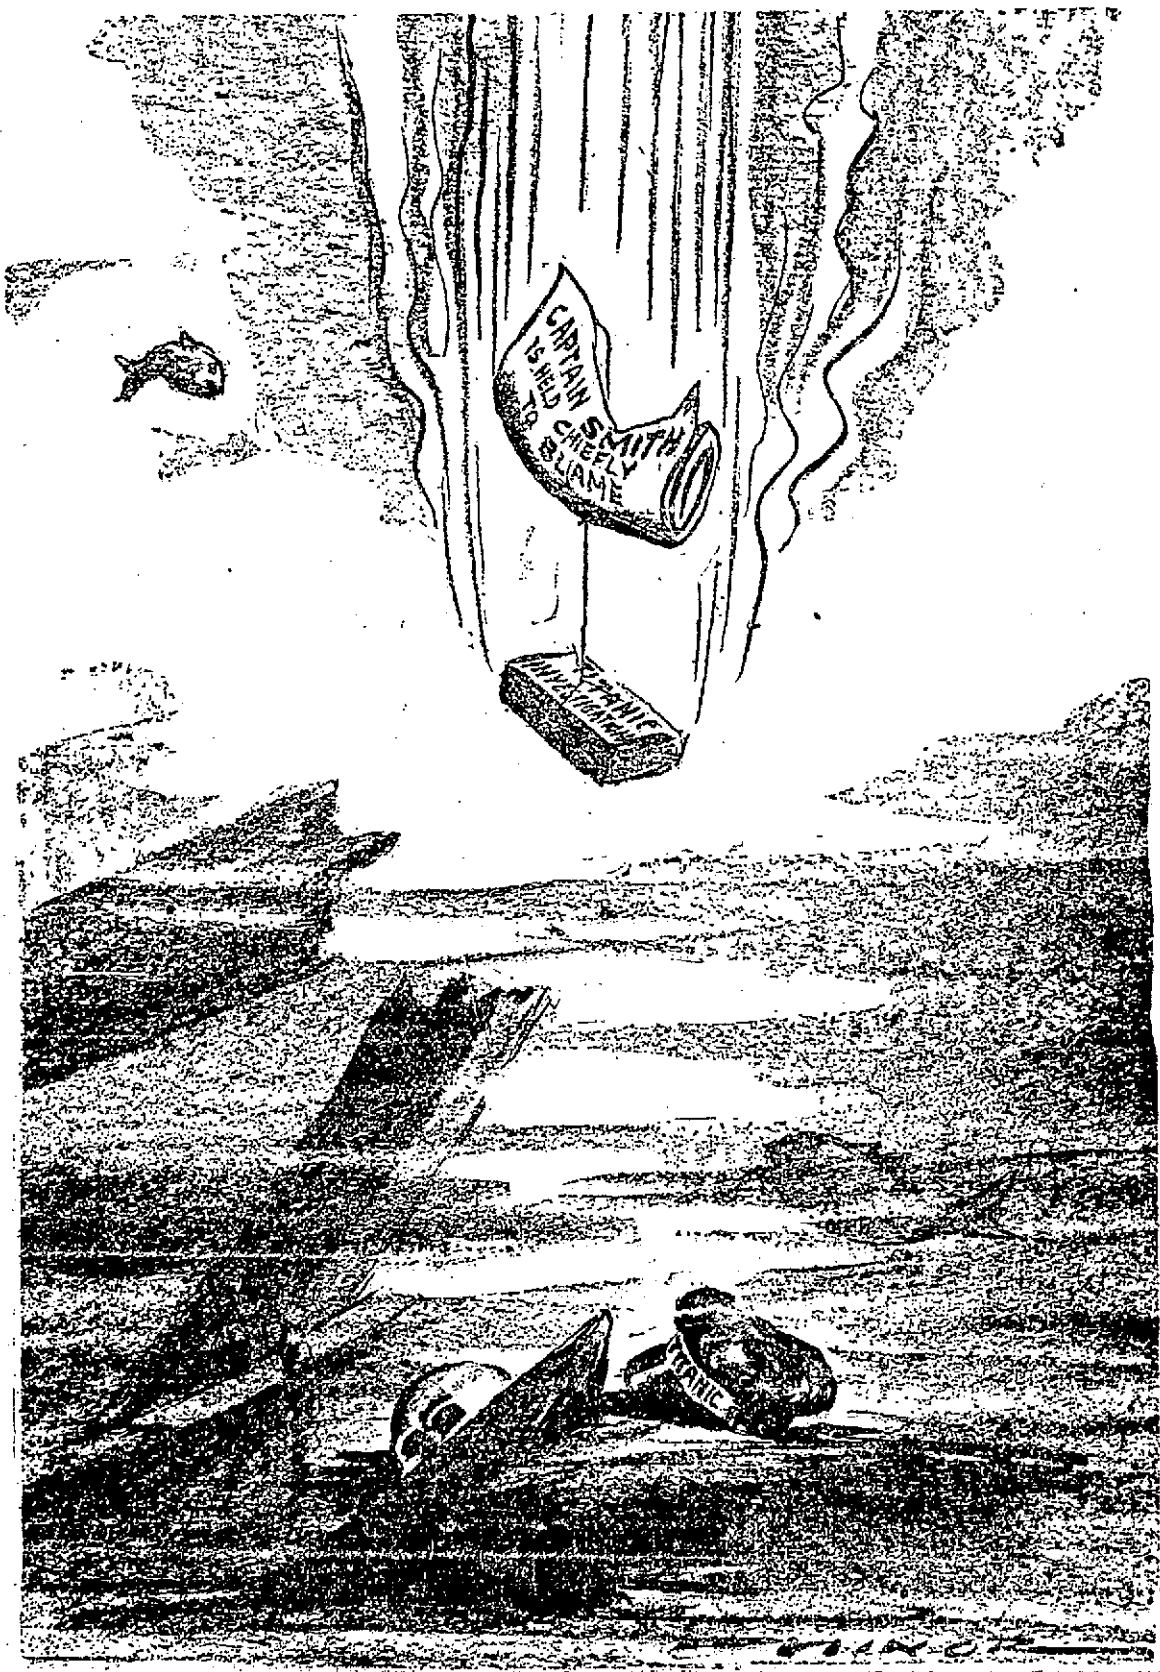

In his address before the Commonwealth Club in San Francisco, Colonel Weinstock stated that the I. W. W. are Socialists who believe in "direct action" to bring about the overthrow of the existing political, social and industrial system. Direct action is a euphemism for violence and lawlessness—forcible resistance to the law and ministers in an effort to destroy the constitutional safeguards to person and property. Mr. Hichborn seems to think the objects the I. W. W. are attempting to achieve are worthy and commendable—at least, he does not condemn or even disapprove of them. Likewise he has no reproach for their lawless and violent methods. He asks:

"What would happen were the victims of mob violence at San Diego Japanese instead of white men? Would the federal authorities dare permit the burning with lighted cigars of the yellow skin of a Japanese? Would not prompt methods be discovered to prevent such outrage? But is not a white skin entitled to the same protection as a yellow?"

Better ask what would happen to a gang of Japanese hoboes that invaded a peaceable town and behaved themselves as the I. W. W. have behaved and are behaving themselves, in San Diego. There is no mob violence against the Japanese because they do not wander from town to town for the purpose of creating disturbance. They do not insist upon holding mass meetings in streets in violation of the law and denouncing in virulent language the laws, institutions and constituted authorities, nor preach revolution and confiscation of private property, nor indulge in ribald and blasphemous denunciation in the public highways of religion and religious institutions.

If they did, Mr. Hichborn would be among the first to head a

## THE MAN WHO CAN'T REPLY

—ST. LOUIS POST-DISPATCH.

mob to drive them out, or exterminate them. Hichborn is greatly exercised over that cigar burn on Ben Reitman's rump. THE TRIBUNE has denounced the way Reitman was treated, but the fact remains that Reitman's worthless skin would not have been scorched had he not gone to San Diego to foment disturbance against the public peace and the laws of the land. Had he been a Japanese his hide would have been stripped off and hung on a fence. Because his skin was white he was let off with a trifling burn and a kick just below it.

Colonel Watterson appears determined to convince the readers of the Courier-Journal that either he or Roosevelt is crazy. He is using pages of his journal in his effort to prove that Roosevelt is insane.

## The Hegira of a Reformer.

Alameda has lost one of her eminent citizens. Hon. Sumner Crosby has packed his grip, shaken the dust of Alameda county off his feet and moved over in Contra Costa county. Simultaneous with his change of residence, Mr. Crosby announces himself as a candidate for Senator from the Contra Costa-Marine district, now represented by Hon. E. B. Martinelli of San Rafael. Ralph Jones, who has resided in the district more years than Mr. Crosby has days, had previously announced himself as a candidate, Mr. Martinelli having declined to be a candidate for another term. While Mr. Crosby was serving as Assemblyman from Alameda county he chummed with Mr. Jones, but has apparently come to the conclusion that Mr. Jones must be beaten at all hazards and hence has moved over into Contra Costa county to protect the people from the imminence of Mr. Jones' election. Mr. Crosby is a self-sacrificing patriot. Otherwise he would not have migrated from his home town and county to offer his services to the heathen of Contra Costa county. He does not want office, but he does want to save the country—especially from Jones. The peril must be averted if Mr. Crosby has to change his residence every night between now and election day. Mr. Crosby climbed into the progressive band-wagon very late, but his zeal for the cause is all the hotter for the lateness of his conversion.

The suspension of Ty Cobb, the ballplayer, for punching a spectator in the jaw for calling him a "half-nigger" has become a national incident. Public sentiment is with Cobb. If he had been a half or whole nigger he would have been justified in punishing his insult. The epithet applied to Cobb was intended to wound and degrade him, and the only answer that could be properly made to the insinuation it conveyed was a blow. Ball-playing is not politics.

It is easy to imagine the pleasure with which George W. Perkins read the election returns from New Jersey. Mr. Perkins must be firmly convinced by this time that virtue is sure to triumph in the end. N. B.—The good trusts are virtuous.

According to the Stockton Mail, new crop onions are being sold by the growers at from 55 to 60 cents per hundred pounds. Stockton is only ninety miles from Oakland and has cheap water communication with the cities on the bay, yet the onions which bring less than a cent a pound in Stockton are retailed in the Oakland markets at four and five cents a pound. Why? Who gets the difference between what the consumer pays and the producer receives?

## Twenty Years Ago Today

County officials are preparing for their annual vacation. Deputy County Clerk N. G. Sturtevant will spend his time at Livermore cooking hay. County Clerk James E. Crane will not take a vacation. Marriage License Clerk Robert Edgar is going to Lake County. City Clerk Brady says he is going to climb Mt. Shasta on a bicycle. County Recorder Frederick W. Church will visit Livermore Springs, while Deputies Colonel George H. Mason and George H. Allen are going fishing. Colfax will hire Deputy County Clerk M. Schaffer and Vacaville will claim Tom Robinson, deputy county clerk, and the Little Robinsons. Sheriff W. H. H. Hussey will chase the festive deer.

Memorial Day exercises are being held today by members of the G. A. R. and the Women's Relief Corps at the cemeteries. Fred V. Wood as orator of the day. The funeral services were read by Commander S. L. Pettit of Appomattox Post and Chaplain Curry of Lyon Post. H. T. Smith was marshal of the parade.

Evening memorial services were held at the First Methodist church with the following program: Quartet (selected), D. M. Lawrence, H. H. Lawrence, H. A. Redfield, H. H. Lawrence, Jr.; Prayer, Rev. J. H. Wythe; Introductory Remarks, Chairman J. K. Peirce; Solo, Miss Esther Needham, accompanied on organ by Professor Passmore; Recitation, Miss Fannie Ward; Address, C. G. Dodge, Esq.; Vocal solo, Mrs. Charles Fowler, accompanied by Miss Ida Ford.

The Supreme Court has decided that the Board of Supervisors have no right to employ more deputies than provided for by the statutes. This means that county officials will have to pay the salaries of some of their assistants out of their own pocket.

## WILL REWARD KNOWLAND

(Vallejo Chronicle.)  
The Third Congressional District, and the State of California have reason to be proud of the work of Representative Knowland in this Congress. In securing the enactment of a law that gives to coastwise shipping, flying the American flag, free use of the Panama Canal. Not only this, but equally important was the retention by the House of the clause in the bill advocated by the committee that places a complete embargo on passage of ships through the canal owned or controlled, directly or indirectly by railroads or corporations affiliated with railroads. This means more for California than is apparent on the surface in the way of maintaining a minimum of freight rates and a corresponding benefit to shippers, all of which will result to the good of the whole people. It was a hard fight to bring Congress to a point of view that would give the people this splendid law, for necessarily the proponents of the measure had to contend against the combined influence of the railroad interests. At the start Congressman Knowland practically alone in the effort to bring this about, but by the logic of circumstance and dint of hard and convincing work, he was able to present and show to a majority of the Congress that free tolls for American vessels meant much for American shipping and industries and his victory is one that benefits the Atlantic as well as the Pacific Coast. Congressman Knowland's work in Congress has ever been fruitful of good results to his district and the Pacific Coast, and this one act alone entitles him to the further confidence of his constituents, a confidence that should make his return to Congress a matter of unanimity by the people of Alameda county. The people will reward faithful service.

## MUZZLED DOG HAS HIS TRIALS

Humane Bureau Says Towns-  
ers' Freedom Should Not  
Be Curtailed.

The Humane Press Bureau has sent out the following circular on behalf of dogs that suffer:

A dog should never be muzzled so that he cannot drink, nor put out his tongue, as he does naturally in warm weather. Dogs do not perspire through their skins as we do, but you may often see the perspiration dripping from their tongues. They need to drink often.

Imprisonment and thirst change a "good" dog into a "bad" dog. If any person is bitten by a dog instead of killing the animal immediately, he should be shut up and taken care of for a few days. The chances are that he will recover, and when it is found that he was not suffering from hydrophobia, the person bitten need not die of fright. After this period of examination of the dog, he may be destroyed for being "bad" if he is not "read."

Here is a complaint against the dog: "Many light sleepers are disturbed at night, and sometimes kept awake for hours when in street, noise of sleep, by the barking of dogs in the neighborhood, even blocks away. No one has a right to inflict such discomfort on his neighbor, nor on his dog in some cases it is more than discomfort, it is positive injury where sleep is made impossible at night and --not be made up by day."—Mrs. Huntington Smith.

This is what the chained dog says: "After a while they chained me up then I howled and tried to get away, but they only put on a stronger chain because I did break away one day."

"You think it is hard to be kept in the house, or to be kept after school. How would you feel if you were tied with a chain as I am? How would you like it after one hour, two hours, a day? I think you are would ache and prick as mine do, and you would get so restless that you would scream and cry."

"At first I just howled because I was so unhappy. Afterward I howled for many reasons, was lonesome. I wasn't so well as usual. I was very, very thirsty. I kept hoping my cries would bring somebody to help me."

"Sometimes they would take me for a walk, but it was never long enough, and I needed more exercise to be well. "But the thirst was as bad as the chain. The constant thirst which comes from barking and fretting is so great, that these careless folks would be well nigh crazy if they had to suffer it themselves."

"I never felt really well or happy, and so do you wonder that after a while I grew cross?"

## NEGRO STABBED BY A CHINAMAN

Victim of Affray in Market  
Goes to Hospital Assault-  
ant Arrested.

Resenting an unwarranted attack upon him when he was making a purchase at the Farmers and Merchants Produce company store at Eleventh and Webster streets, Joe Way, a Chinese peddler of 355 Sixth street, turned upon Joseph Dennison, a negro living at 821 Fallon street, and stabbed him with a pocket knife with which he had been examining some fruit. Dennison was taken to the hospital suffering with a knife wound in the back of the right shoulder, while Way was captured by Patrolman Humphreys and is being held in detention at the city prison, pending an investigation of the stabbing affray.

According to witnesses of the affair, the Chinaman was examining some fruit when he was struck by a cluster of cherries thrown from behind him. Turning to enquire who had thrown the fruit, he was struck and knocked to the floor by Dennison. As he rose to his feet Way suddenly leaped at his assailant and buried the blade of a cheap knife in the negro's shoulder. M. S. Cohn and H. W. Ross separated the two combatants and notified the police.

Dennison is not seriously wounded, as the knife inflicted only a flesh cut. Inspector McCloskey was called by acting Chief of Police Walter J. Petersen to investigate the case.

## RUEF DISBARMENT WILL BE URGED

Committee of Bar Association  
to Ask Supreme Court to  
Take Action.

SAN FRANCISCO, May 30.—The special committee appointed some weeks ago by President Curtis Lindley of the San Francisco Bar Association to begin disbarment proceedings against Abraham Ruef, has filed with the clerk of the Supreme Court of this city a certified copy of the conviction of Ruef. The committee, which is composed of Warren Olney, A. C. Crittenden and E. A. Belcher, will appear before the Supreme Court next week and ask that Ruef's name be stricken from the list of attorneys of this State. Ruef was admitted to practice law in 1887, after a course at Hastings College. He has not followed the profession for more than five years. His friends say it is an unnecessary proceeding against the convicted man, after a delay of a year and a half.

## START SURVEYING FOR HETCH HETCHY ROUTE

SAN FRANCISCO, May 30.—Under the supervision of Assistant City Engineer Jones, three surveying crews were sent out yesterday for a proposed pipe line from Oakland to the Hetch Hetchy valley. A route will be surveyed for the new railroad which is to be built for the purpose of conveying the cement and supplies needed for the Lake Eleanor dam. The city is doing the work in compliance with the conditions under which the permit was granted by the government authorities, one of the stipulations being that a certain amount of development should be done by the city within a specified time.

Mrs. Wm. A. Allen, Chacon, New Mex., had so severe a cough that it nearly choked her to death. Mr. Allen says: "We tried many things without helping her when by good luck I got a bottle of Foley's Honey and Tar Compound. It cured her at once and finally cured her. It is the best medicine we ever used." Whelan's Drug Store, corner Tenth and Washington streets.

## CARMEL FESTIVAL TO BE GAY AFFAIR

Many Applications Received  
for Seats at 'The Toad' and  
'Alice in Wonderland.'

CARMEL-BY-SEA, May 30.—The festival at Carmel is gaining big proportions every day and the inhabitants of the town are realizing how much attention their unique celebration is attracting in the outside world. Although the tickets for "The Toad" and "Alice in Wonderland" have not yet been placed on sale, already over fifty applications for seats have been made by enthusiasts from outside towns.

The pageant is a free spectacle and so it is impossible to gauge the attendance, but judging from the letters of inquiry this even, which takes place on the afternoon of the Fourth of July, seems to be of as great interest as the two plays.

The first episode of the pageant has been written by Mrs. Grace MacGowan Cooke and deals with the sun worship practised by the early California Indians. Mrs. Cooke has lately returned from a long residence amidst the Indians, where she went to study their customs. The eminent novelist has returned with a great knowledge of the history, customs and dances of the aborigines and is peculiarly fitted to write an episode which deals with the true life of the California Indians.

Michael Williams, who takes the part of the sleepy Dormouse in the mad hatter tea party in the play.

**WILL ALSO RECEIVE.**  
Miss Alice MacDougal, whose father is a well-known scientist at the Carnegie Institute at Carmel, will also receive. She is playing the part of the Queen of Hearts, with her constant command of "Off with his head."

## 25 YEARS EXPERIENCE In New York City at Your Command

FOR TWENTY-FIVE YEARS I HAVE NEVER PUT MY SHEARS IN A PIECE OF FABRIC FOR LESS THAN \$4.50 TO \$10.00 PER YARD; NOTHING BUT IMPORT-ED FABRICS WHICH THE MOST REFINED INDIVIDUAL WOULD APPEAL TO.

**For Twenty-Five Years I Have Never Built a Suit of Clothes For Less Than \$50, \$55, \$60, \$65 and \$70**

I am opening the finest up-to-date tailoring establishment on the Pacific Coast. Expense is no object to me, as I figure on catering to the best trade in this vicinity. Mr. J. O'Neill, formerly with Bell of New York, is our full dress and Tuxedo designer. Mr. J. C. Martin, formerly with K. W. Cunningham of Chicago, is our designer on sack suits and morning coats. Mr. William Debrasse, direct from Rude's Cutting School of New York City, who has been the designer for this school for the past ten years, will take charge of all our college cut clothes. He is also a dandy on pants. Riding breeches is his specialty. The public is invited to inspect the finest tailoring establishment on the Pacific Coast, Friday, May 31st.

The ladies as well as the men are extended this invitation. We want to show you what high-class tailoring really means. Our prices, \$50, \$55, \$60, \$65, \$70.

Our cutting is the twentieth century system, which guarantees a perfect fit. We always give our customers double try-ons, which also assures a perfect fit. No garment leaves our house unless we are satisfied ourselves that it is satisfactory; then we inspect every inch to see that the garment has been put together O. K., and if we are perfectly satisfied then we deliver your suit or overcoat. That is the kind of tailoring we do. Twenty-five years' experience with nothing but high-class tailoring. We employ only such workmen that can do and understand high-grade tailoring only, and know nothing else. We have coat, pants and vest-makers that have worked for us for years. We employ twenty-five coat-makers alone, and as many more pants and vest-makers. All our tailors know nothing but hand-tailoring throughout.

No coat fronts break we make; no bagging of pants we make; no coats break under the collar; no coat collars creeping up over your neck and no lapels of your coat that drop down. When we complete a garment it is complete and nothing else. We can fit anybody and everybody; that is our experience in tailoring. We are cutters and designers of all our own patterns. We make you up-to-date garments if you want them, or we make you just as plain a suit as you like. Don't be afraid to ask us for what you want in stylish clothes, as we are stylish cutters and tailors. Our cutters number one to six.

DO YOU LIKE A STYLISH SUIT? DO YOU LIKE A GOOD-FITTING SUIT? WE CAN'T BE BEAT FOR CLOTHES THAT FIT. OUR PRICES ARE TO EVERY ONE MARKED IN PLAIN FIGURES.

COME INSPECT A GOOD PIECE OF CLOTH AND A HAND-MADE GARMENT. ALL WE HANDLE IS FOX'S AUSTRALIAN AND WEST OF ENGLAND WOOLENS.

## LOCALS WIN OUT IN 10 INNINGS

Hetting and Brown Thrown Out of Gate for Using Their Fists.

Oakland landed on top this morning in the third inning with Vernon at Freeman's Park scoring the winning run in the tenth inning before a crowd of 12,000 people. The game was scrappy all the way through, Hetting and Brown being thrown out of the gate in the sixth inning for fighting over a close decision at the plate. The final score was 3-2. Cook, Brackenridge and Gregory divided honors evenly through the game, though the Vernon man was weakening at the end. Shappy fielding and baserunning kept the great crowd in an uproar and showed how important the series is to each team. **GRUNSKY AT HEAD OF ENGINEER DEPARTMENT**  
SAN FRANCISCO, May 30.—C. E. Grunsky, former city engineer and member of the Federal Canal Commission, today assumed the duties of acting city engineer to serve during the illness of City Engineer Marston Manson, who has suffered a nervous breakdown. The appointment was made at the afternoon meeting of the Board of Public Works yesterday.

Assistant City Engineer Loren Hunt, whose health is not of the best, expressed a wish that his name be not considered and urged the appointment of Grunsky.

Grunsky will probably appear for the city when the hearing on the Hitch-Hitchy comes up at Washington.

The board yesterday received the resignation of Secretary Joseph McCormick, who has been recognized as one of the most efficient secretaries serving on any municipal commission. McCormick is at the head of the civil service list of street foreman and takes a work more in the open air and less confining than his present work.

**SANTA CLARA COUNTY**  
SAN JOSE, May 30.—Memorial day was observed in this city with a parade of the old soldiers and the two local militia companies, decoration of graves, patriotic exercises and a hand concert in St. James Park. Exercises also were held in Los Gatos and Mountain View.

## FIGHT TAKEN TO FEDERAL COURT

Conflict Between Police and Chinese to Be Fought to Finish.

SAN FRANCISCO, May 30.—The conflict between the police and the Chinese owners of premises said to be conducted for gambling purposes, is to be transferred to the federal court through the action of Judge L. T. Price of Alpine county in deciding his commitment of Police Sergeant Arthur Layne to the county jail for contempt.

Representation to the court concerning the filing of the commitment, upon which showing Sergeant Layne's jail sentence was revoked, is charged by Attorney Harry I. Stafford of Stanford & Stanford, who prosecuted the contempt proceeding.

With the injunction against the police molesting the Chinese still in full force, Attorney Stafford today declared his intention of removing the contempt proceedings to the United States District Court, pleading a violation of the restraining order issued by Judge Layne since his sentence of three days in the county jail by Judge Price.

Assistant District Attorney Maxwell McNutt charges that Stafford, to whom the court gave the commitment, deliberately withheld it. In reply Stafford declared that both he and Assistant District Attorney A. L. Cotton were served with a copy on the day the judgment was signed and informed that he would not file it with the sheriff until he was ready. McNutt emphatically denies this and declares that even if he had not been served, Stafford had no right to retain the commitment.

**CHIEF TAKES HAND.**  
Stafford claims that if he had filed the commitment with the sheriff, Layne's before the time fixed by the court, and thus avoid a determination by the Supreme Court of the question involved, which he claims, Layne, McNutt and Cotton agreed should be settled finally in the high court.

Chief White has taken an interest in the matter and has arranged a meeting of the police court judges to see if they will not settle circumstantial evidence in trying Chinese arrested for gambling.

Attorney Stafford, in an interview, today said: "Layne was found guilty of contempt, after a three days' hearing, during which time four witnesses were examined. He himself did not take the stand. The police started out in defense of this case to make it a test. When they found the law against them, every strong political wire was pulled to avert judgment."

**HARDLY STARTED.**  
"This fight hardly has started. I intend to go to the United States Court, where the law governs, and not the police. The setting aside of Layne's jail sentence does not, in any wise, affect the injunction."

"On May 24, the day the commitment was signed, I gave Assistant District Attorney Maxwell McNutt and A. L. Cotton a copy of it."

"Under the terms of the commitment, it was not to go into effect until the expiration of five days after the date it was signed."

McNutt and Cotton seemed very anxious to have it go into effect before the end of the five-day stay. They asked Judge Price to allow it and he refused. They could not do so and I refused. I had no power to act, except under the commitment."

"On at least three occasions Cotton and McNutt asked me when I intended to put the commitment in the hands of the sheriff. I told them it would go there when I was ready."

"Under the terms of the commitment, the sheriff before the right time Layne would have surrendered himself and would have avoided a decision on the merits of the case in the Supreme Court by claiming an illegal arrest in being taken into custody before the time of stay had expired."

**TO FIGHT TO FINISH.**  
"This is the very thing we wished to avoid, as it would prevent a determination of the question agreed to by the police when the proceedings were instituted."

"Despite abuse on the part of the police and numerous misrepresentations of all concerned in this litigation, I intend to fight the matter to the court of last resort to determine whether a police officer has a right to violate an injunction."

## BRANDS COLONEL NATION'S MENACE

Fitzgerald Plays Roosevelt in Speech on Floor of House.

WASHINGTON, May 30.—The activities of Colonel Roosevelt were denounced in the House in a speech delivered by Representative Fitzgerald (D.) of New York, chairman of the House Appropriation Committee.

Fitzgerald declared Roosevelt the "greatest danger faced by the Republic," and quoted at length from a speech by Abraham Lincoln to bear out the charge. As an indication of Roosevelt's attitude toward the President, Fitzgerald produced a memorandum prepared when plans for new executive offices at the White House were under consideration in 1902. Beside a discussion of "temporary" and permanent quarters for the President, appeared in the handwriting of Colonel Roosevelt the words, "to be permanent during my lifetime."

"The 'my' was heavily underscored," commented Fitzgerald, waving the document at arm's length, and the Democratic side of the House rocked with laughter.

The New York member applied directly to Roosevelt extracts from a speech delivered by Abraham Lincoln before the Young Men's Lyceum at Springfield, Ill. In part, the extracts read:

"Many great and good men sufficiently qualified for any task they should undertake may ever be found whose ambition would aspire to nothing better beyond a seat in Congress, a gubernatorial or Presidential chair; but such belong not to the family of the lion or the tribe of the eagle. What! Think you these places would satisfy a Caesar, an Alexander or a Napoleon? Never! Towering genius despises beaten paths. It seeks regions heretofore unexplored. It sees no distinction in adding story to story upon the monuments of fame erected to the memory of others.

"It denies that it is glory enough to serve under any chief. It cautions to tread in the footsteps of any predecessor, however illustrious. It thirsts and burns for distinction; and, if possible, it will have it, whether at the expense of emancipating slaves or enslaving free men.

"Is it unreasonable, then, to expect that some men, possessed of the loftiest genius, coupled with ambition sufficient to push it to its utmost stretch, will at some time spring up among us? And when such a one does, will you require the people to be united with each other, attached to the government and the laws, and generally intelligent, to frustrate his designs. "Distinction will be his permanent object, and although he would as willingly, perhaps more so, acquire it by doing good as harm, yet that opportunity being passed and nothing left to be done in the way of building up, he would set boldly to the task of pulling down."

## WOMAN BURGLAR IS IDENTIFIED BY VICTIM

SAN FRANCISCO, May 30.—A woman burglar stealthily operating during early morning hours entered the apartments of Louis Kallivas at the hotel at 885 Folsom street this morning and later he positively identified Mrs. Isabelle Baumann as the culprit. The woman was arrested and charged with burglary by Patrolman J. C. Malloy. Kallivas was asleep when a noise in the apartment caused him to awaken and he observed a woman climbing out of his window. He tried to capture her but she made good her escape. It took Kallivas but a moment to earn that he had been robbed of \$25 and he sent for the police. Mrs. Baumann occupied the adjoining room and when she was questioned by Officer Malloy, Kallivas identified her.

## EX-RING MASTER TAKES THE COUNT

Frank McConnell and Mother Are Beaten by Step-father.

SAN FRANCISCO, May 30.—Frank McConnell, an ex-prize fighter well known a decade ago, was badly battered and his mother, Mrs. Mary Connolly, was severely beaten by the latter's husband, Jeremiah Connolly, a henchman, at the family home, 1840 Natoma street, early this morning.

McConnell, a light weight, was knocked out in a pugilistic combat in 1902, receiving injuries which crippled him for life. He was asleep this morning, as was also Mrs. Connolly, when the husband returned home after a night spent with companions in search of pleasure. He was in an ugly frame of mind and seizing a rod he beat his wife and stepson. McConnell endeavored to fight him off but without success and it was not until the police arrived that he was subdued. Both the injured were taken to the Central Emergency hospital where it was found Mrs. Connolly had suffered a broken arm and two lacerated wounds of the scalp. McConnell's face and head were badly bruised. He had gone to the defense of his mother but had been too late to save her from injury. Connolly is booked on two charges of assault to murder.

One hundred and sixty passengers will be landed at San Pedro, a few of them being destitute but most of them able to care for themselves. The balance of the passengers, 163 in all, will be landed at San Francisco.

The Buford was scheduled to sail from San Diego last night at 10 o'clock but for some reason not stated the ship did not clear until 5 o'clock this morning.

## STAGE MOUSE STARTS STAMPEDE IN THEATER

JOLIET, Ill., May 30.—Just as the heroine at the opera house mace here yesterday was about to escape from the clutches of the villain, who spied a mouse on the other end of the stage. In the rush Mrs. A. Blake was hurt. The mouse got away.

## FOUR SENT TO PRISON

WEAVERVILLE, May 30.—Four men convicted of murder were sent from Trinity county to state prisons yesterday. Edward Hewitt, who confessed to complicity in the murder of Peter Roberts near here, was sent to Folsom, and Steven Duncan and Thomas Duncan, brothers, involved in the same crime, to San Quentin for life. Thomas Hayden, convicted of having killed Morris Norgaard in December, 1910, was sent to San Quentin for 20 years.

## 'THE REAL THING' TEACHES SEVERAL WORTHY LESSONS

MISS HENRIETTA CROSMAN

In the play, "The Real Thing," an everyday comedy by Catherine Chisholm, which Henrietta Crosman brings to the Macdonough tomorrow, there are several wholesome lessons taught concerning the moral necessity for all wives to continue after marriage those little arts and manners which made them attractive to their husbands before; to avoid slovenliness and dress and much devotion to their children—a phase of motherhood which leaves the husband alone and neglected, the play to other affluents, or driven perforce to the solace of his club, and to cultivate charm.

The gown worn by this popular star in her new comedy is deserving of special mention; not only because they represent the dernier cri in smart effects, but also because they are exploited with such chic and distinction. Miss Crosman as the widow, Mrs. Lorraine, wears on her first appearance a dainty demi-tulle of blue crepe de chene with a tunic and transparent yoke and sleeves in self-color, overlaid with tarnished silver lace. A large white hat with brown and white feathers and roses and a little mantelet trimmed with marabout in brown and white, are removed upon entering, thereby displaying her gown to fullest advantage. The tunic is irregular in outline and shirred at the lower back, where it is caught by a square motif of passementerie in self-color.

In the second act Miss Crosman wears a bewitching evening gown of palest mauve-pink satin and marquisette, trimmed with Malines lace and bunches of moss rosebuds. Dangles and ornaments of baroque pearls and pearl cordelliers enhance the charming effect. Strands of pearls encircle her throat.

In the last act Miss Crosman's evening toilette is a stunning creation in black satin overlaid with black chiffon-cloth, the latter being edged all around with black silk fringe. The bodice is made of broderie Anglaise, embroidered in champagne color, covered on the sleeves with black hemstitched chiffon-cloth. Bands of rose-colored ribbon on the corsage, and a perfect pink at the corsage, are touches that add to the picturesque effect.

## ALASKA INSTRUCTS FOR THE COLONEL

Wickersham Faction of the Republican Party Names Delegates at Valdez.

VALDEZ, Alaska, May 30.—Six delegates instructed for Roosevelt were elected to represent Alaska in the Republican convention at Chicago by the Wickersham faction of the Republican party which held its convention here yesterday.

The convention was called as an independent Republican gathering, but when the news of the President's appointive legislative scheme and Governor Clark's hostility to home rule were fully justified by the trend of events and the growth of sentiment in Alaska since then. Former Mayor E. Valentine of Juneau was designated as Wickersham's spokesman.

James Wickersham was nominated to succeed himself as delegate to Congress and the following delegates to the national convention were chosen: O. P. Hubbard, Jack Dalton, James Wickersham, F. M. Doyne, Frank E. Becker and H. L. LeFevre.

The platform adopted condemns President Taft's views touching Alaskan matters and local government; commends Delegate Wickersham's efforts to secure home rule for Alaska and includes virtually the same recital of grievances as that contained in the platform adopted by the regular Republicans.

## WOULD GIVE RAILROADS RIGHT TO USE CANAL

WASHINGTON, May 30.—Secretary Wilson told the Senate committee on interoceanic canals yesterday that he favored permitting railroad owned steamships to use the Panama canal under regulations of the Interstate Commerce Commission. The secretary declared that he would not exclude railroad ships before wrong had been committed, any more than he would have a child because it was threatened with the mumps.

## PARIS DOES HONOR TO COMMISSIONERS

Panama-Pacific Emissaries Shown Great Cordiality in France.

PARIS, May 30.—The Panama-Pacific exposition commissioners attended a luncheon yesterday at which there were 350 guests. Great cheering greeted the remark of Mr. Dupont that the exposition remains associated with the great work at Panama as a fort at the canal entrance is to be christened De Lesseps.

"This," he said, "is one of those attentions that touch all hearts. Ambassador Herrick made an address in which he recalled President McKinley's dying words, that 'expositions are the milestones marking a nation's progress.' The Panama-Pacific exposition, said the ambassador, marks the world's progress in the opening of a new era.

Rear Admiral Staunton made a speech and his reference to the fact that France's work at Panama was frustrated by sanitary conditions which at that time were impossible to cope with pleased his French hearers. Repeated references to the hospitality shown toward the French delegation to the Champlain celebration marked the speeches of the French orators. They also suggested that recognition of this hospitality could best be shown by participation in the San Francisco exposition. After a speech by M. David, minister of commerce, there seemed to be no doubt as to the course France would pursue in regard to representation at San Francisco.

Later in the afternoon the commission was entertained by the Chamber of Commerce. Three committees tried to give the commissioners a luncheon at the same time. Later on the delegation took dinner at the Cafe Paris, after which they attended a performance at the opera.

## CYANIDE OF POTASSIUM CURE FOR WOOLY APHIS

SACRAMENTO, May 30.—Cyanide of potassium is the nemesis of the woolly aphis. A solution of the deadly poison has been discovered by the State Horticultural Commission to be a remarkably effective insecticide. The discovery grew out of the fear of Sacramento valley pear growers for their crops. Until recently the woolly aphis has never been known to attack pear trees, but a few months ago it made its appearance in several orchards of the valley. A strict watch is being kept and the commission is energetically assisting the orchardists in their effort to rid the pear trees of the pest.

CHICAGO EATS PRUNES AT FIVE CENTS EACH

CHICAGO, May 30.—An explosion occurred in the luxuriously appointed dining-room of the Congress hotel today when a mild-looking man, seated near a window on the Michigan avenue side, received his bill, the smallest of many items on which read: "Prunes, 40 cents."

"Please have that item corrected," said the guest.

"That's quite correct, sir," said the waiter. "Prunes, 40 cents. Quite correct, sir."

"What! Forty cents for eight prunes?"

"Yes, sir. Here's the menu. Look, sir. Star prunes, 40 cents."

"Well, the head of the high cost of living," said the guest, "but this is the dearest I have yet reached."

# IF YOUR PHYSICIAN HAS FAILED CONSULT

## Illustrations of the Ancient Discoverer and the Skillful Herb Specialist

Many centuries ago there lived in China an emperor named Shung Nung; who, having been prompted by a desire to alleviate human sufferings, applied himself to medical investigation, going about the mountains and valleys collecting various herbs, which he analyzed and prepared for free distribution. His wisdom and painstaking labor were rewarded by the relief which they gave to suffering humanity. Since the advent of Shung Nung great scholars and physicians appeared, improving the work of their predecessor. Their examinations were more accurate and their investigations more complete.

It has remained for Dr. Chan & Kong to embody all the Perfections, eliminating all the errors of these noted men so that today he can offer to suffering humanity an Infallible Painless Cure for all ailments of whatever nature. Dr. Chan is a man celebrated in his profession. During his association with his office in San Francisco his herbs Cured and Restored to Health Hundreds of Persons.

## We Cure—Where Others Failed—Here Are the Testimonials

Dear Doctor: I want to write a few lines to you and thank you for the purpose that your herbs have done me. I had terrible malaria fever and chills for three months. I tried different doctors, but none seems to have done me any good. These herbs were so bad that I don't know what I should do for it. One day I heard of your wonderful cure. I came to you and in a few days I was much better, and after continuing your treatment for three weeks and a half, I am entirely cured. Cannot praise too much in favor of your herbs. Most gratefully yours, (Signed) ANTONIO A. BETTENCOURT, 620 Bay St., S. Vallejo, Cal.

Dear Doctor: I take this means of writing to you and thanking you for curing me of rheumatism when all other doctors could not do anything for me, also want to all the famous springs of California and did not get any relief. I read your advertisement and said I will take the last chance. The first week's treatment I felt a relief, and in seven weeks I was cured and have never since had any more of it. I am glad to say that I am entirely cured of my trouble. I tender my most sincere thanks and heartily recommend you to those who suffer from any cause whatever. (Signed) CHAS. SMITH, Secretary and Treasurer Pacific Barge Traction Co., 227 Stevenson St., S. F.

Dear Sir: For three years I suffered with terrible agonies of pain in my kidneys and general breakdown. I tried different remedies and doctors, but utterly no relief until I was recommended to you. After the first treatment I got great improvement, and after taking your herb treatment for two weeks I am glad to say that I am entirely cured of my trouble. I tender my most sincere thanks and heartily recommend you to those who suffer from any cause whatever. (Signed) J. L. PETERSON, 322 Green St., San Francisco.

## DR. CHAN The Wonderful Herb Specialist

## DR. CHAN IS THE GREATEST MODERN EXPONENT OF THE WONDERFUL LIFE-GIVING QUALITIES OF CHINESE HERBS.

We have instituted an office at 901 Clay street, Oakland, for the convenience of the people of the adjoining cities of Alameda county, and we will be pleased to see all of our old friends and new visitors.

San Francisco, May 20, 1911

I feel it my duty to thank you for all the good you have done for me. Two years ago I had a very severe sickness. I was so weak I could scarcely walk. I was attending a very good doctor in San Francisco. He told me my blood and kidneys were very bad, but I seemed to be growing worse. So finally a friend persuaded me to go and see Dr. Chan. He told me he had cured a friend of mine. So I made up my mind to go and have him look me over. I felt very nervous when the doctor came, but he was very kind and friendly. He told me I was suffering from uric acid in the blood and inflammation of the liver. He said I was almost insane from the top and back of my head. He told me it was from kidneys and liver. That my head felt so bad. So after taking Dr. Chan's herbs for three months I feel much better. I am now almost entirely cured. I recommend him to anyone who has recovered no benefit from any other physician. Respectfully yours, (Signed) GEORGE QUADROS, 360 McAllister St., S. F.

Dear Dr. Chan: I had a severe case of heart disease for some time, and being treated by four of the most prominent physicians, gradually became worse and was finally given up by them. At last I was recommended by a friend to Dr. Chan. I took his herbs for three months and I am now almost entirely cured. I recommend him to anyone who has recovered no benefit from any other physician. Respectfully yours, (Signed) MRS. HATHERLINE NOONEY, 29 Coso ave.

Dear Dr. Chan: I suffered badly from rheumatism of long standing. My foot was swelling and itching miserably. Also a great feeling of burning heat. I tried different remedies and doctors, but utterly no relief until I was recommended to you. After the first treatment I got great improvement, and after taking your herb treatment for two weeks I am glad to say that I am entirely cured of my trouble. I tender my most sincere thanks and heartily recommend you to those who suffer from any cause whatever. (Signed) CHAS. SMITH, Secretary and Treasurer Pacific Barge Traction Co., 227 Stevenson St., S. ## CUBAN GENERAL READY TO CRUSH NEGRO REVOLT

## COMMANDER IS PLANNING ATTACK

General Montegudo With a Large Force, Leaves for Guantanamo.

Announces That He Will Begin Active Campaign; Make Example of Rebels.

SANTIAGO, Cuba, May 30.—General Jose G. Montegudo, the commander-in-chief of the Cuban regular army in the field, who arrived last evening with a large detachment of reinforcements on board the cruiser Cuba, intends to leave for Guantanamo today. He said he has now sufficient force at his disposal.

All arrangements will be made, he said, to begin an active campaign, and it was his intention to make an example of the rebels. All the local negroes, however, would be assured the fullest protection, he said.

A party of insurgents, under the command of Vincente Anaya, today burned 20,000 tons of sugar cane on a French plantation near Guantanamo.

PADUCAH IN NIPE BAY. The United States gunboat Paducah has arrived in Nipe Bay, where her commander, George E. Mitchell, will watch the situation.

A body of insurgents is reported also to have burned several buildings in the town of Daguri, fifteen miles southeast of this city, belonging to the Spanish-American company.

## FLEET ARRIVES.

KEY WEST, Fla., May 30.—Eight battleships of the Atlantic squadron arrived here at 6 o'clock this morning and anchored in the harbor. They form part of the fleet dispatched here to await eventualities in Cuba.

## RURAL GUARDS ATTACKED.

SANTIAGO, Cuba, May 30.—A detachment of twenty-five rural guards, who were aided by local volunteers, were attacked by rebels yesterday while endeavoring to bury the bodies of several peasants hanged by the insurgents at Manantial and El Ripon in the vicinity of Guantanamo.

The fighting continued until midnight, when the insurgents retired. Another band of insurgents under the command of Vincente Anaya, set fire to the Miraflores plantation near Guantanamo, which was almost destroyed.

## WILBUR WRIGHT DEAD; IS VICTIM OF TYPHOID

## INVENTOR OF AEROPLANE SUGGUMBS

Has Sinking Spell Shortly After Midnight and Dies at 3 a. m.

With Brother He Had Spent All of Lifetime in Developing Airship.

DAYTON, O., May 30.—Following a sinking spell that developed soon after midnight, Wilbur Wright, the noted aviator, died at 3:15 a. m. today of typhoid fever. He had been near death for many days and though his condition from time to time gave some hope to members of his family, the attending physicians, Drs. D. B. Conklin and Levi Spittler, maintained throughout the latter part of his sickness that he could not recover.

When the patient succumbed he was surrounded by the members of his family, which includes his aged father, Bishop Milton Wright, Miss Catherine Wright, Orville, the co-inventor of the aeroplane; Reuchlin Wright and Lorin Wright. All of the family reside in this city except Reuchlin, who lives in Kansas City.

The most alarming symptoms in Wright's sickness developed yesterday shortly before noon, when his fever suddenly mounted from 104 to 106, and then quickly subsided to its former stage.

PHYSICIANS BAFFLED. At this juncture the patient was seized with chills and the attending physicians were baffled by the turn of events. Chills were unusual in a patient suffering from so high a fever and the doctors at Wright's bedside were puzzled.

The condition of the aviator remained unchanged throughout the rest of the day. Then there seemed to be a slight improvement, but soon there was a sudden turn for the worse and Dr. Conklin was called. He arrived at 8:25 and learned that Wright had died ten minutes before.

Wright was seized with typhoid May 4, while on a business trip in the East. On that day he returned to Dayton from Boston and consulted with Dr. Conklin. He went to bed immediately and it was several days before his case was definitely diagnosed as typhoid.

SHOCK TO GOVERNMENT. WASHINGTON, May 30.—In govern-

THE LATE WILBUR WRIGHT.

ment circles, especially in the signal corps of the army, profound sorrow was expressed at the news of the death of Wilbur Wright. His connection with the government in the early days of the aeroplane developments was particularly close.

Wilbur Wright negotiated the first contract with the War Department for an aeroplane in February, 1908.

Prior to the issuance of specifications for this first heavier than air flying machine, he was a frequent visitor to the army signal corps headquarters. During these visits Brigadier General James Allen, chief signal officer of the army, said today there never was a time when Wilbur Wright showed any doubt of his ability to do exactly what he had undertaken, or made extravagant claims for his machine.

The first military aeroplane in the world, which the Wright brothers built for the United States, was brought to Fort Myer in 1908. In it Orville Wright, on September 3, 1908, maintained a continuous flight of one hour, and the same day carried a passenger on a short flight. Soon after Wilbur Wright went to France, where he made better records in a duplicate machine.

PAYS HIGH TRIBUTE. General Allen today paid a high tribute to Wilbur and Orville Wright. "To them," he said, "is due the great credit of first publicity, demonstrating to the world the practicability of dynamic flight. The success of the Wright brothers was not due to chance or to any accidental discovery, but to their persistence, daring and intelligence in their work."

The general council, he said, would avoid this mistake and the boycott would be declared without warning.

## STRIKERS HAVE ALREADY SPLIT

## Sailors and Firemen Refuse to Join Walk-out of British Dockmen.

Leaders Still Plan to Call Big International Tie-up Tomorrow.

LONDON, May 30.—The movement tending toward a declaration of a national strike reached a serious setback today when the executives of the Sailors' and Firemen's Union, which is the strongest body in the National Transport Workers' Federation, the organization which would declare such a strike, decided against it. Notices were sent out by this body that there would be no stoppage outside of London unless the order were signed by the secretary of the union. This appears to indicate that a split has arisen in the ranks of the Transport Workers' Federation which engineered the big strike of last year and aimed at combining all the trades unions of the United Kingdom.

The secretary of the Dockers' Union stated early in the day that there would be an immediate national strike of transport workers and riverside laborers, to be followed by an international strike, unless a result favorable to them were reached at a conference tomorrow. To this conference the trades unions will send their delegates, although the employers, including the port of London authorities, have refused to take any part in it.

"The continental workers have already decided to strike," said the organizing secretary, "and it is only a question of now confirming their decision by the international executive."

The employers do not take much notice of this threat as previous experience has shown that the continental workers, far from supporting the British dockers, have been rather pleased to get the additional work coming to them as the result of British strikes.

BERLIN, May 30.—The general council of the International Transport Workers' Federation, whose headquarters are in Berlin, is preparing to act on the appeal of British dockers to proclaim a world-wide boycott of British shipping.

Hermann Jochade, the president of the council, announces that a cable of the kind of the transport workers organizations of the 19 countries affiliated with the international organization including the United States and Canada, will be taken on the question of the advisability of issuing an international boycott as soon as the full report had been received here from London.

President Jochade declined to discuss the probable result of the vote, saying there had been "together too much chattering beforehand in British labor circles."

The general council, he said, would avoid this mistake and the boycott would be declared without warning.

Decoration Day Parades Used to Demonstrate Anti-I. W. W. Sentiment.

SAN DIEGO, May 30.—The return of Attorney General U. S. Webb to San Francisco left the investigation of the Industrial Workers' situation here in the hands of his chief deputy, Raymond Benjamin.

It was said by Mr. Benjamin that his chief would return to San Diego after attending to official business in San Francisco. Mr. Benjamin stated, he would quietly continue his informal probing into the disturbances growing out of the so-called free-speech campaign here.

It was said at a special grand jury, as requested by Attorney General Webb, to investigate the situation, could not be impeded, in all probability for several days.

There was some public objection to the discharging of the present grand jury.

Dispatches from Los Angeles, telling of the probable shifting of the scene of Industrial Workers' activities from San Diego to that city could not be verified by persons connected with the campaign against the street speaking ordinance here. It was said that in the course of the Decoration Day parades here today there would be an unusual display of patriotism.

That spirit has been shown strongly by the campaign against the street speaking ordinance here. It was said that in the course of the Decoration Day parades here today there would be an unusual display of patriotism.

## HOPKINS SURE OF WINNING FIGHT

## "They'll Have to Close Up the Rest," Boosts Keeper of Resort.

"I'll Not Be Made Goat," He Declares to His Satellites.

"Dilly" Hopkins has been boasting to his friends that he is in no danger of having his license revoked by the city council, despite the fact that he has been running the Hoffman cafe in open and flagrant violation of the law and of public decency. "Hopkins" declares that if the council desires to close his cafe, it will have to take similar action against six or eight other cafes which he claims are similar to the Hoffman.

"If they attempt to close me up, they will have to close up the rest," declared "Hopkins" to a number of his satellites of the underworld. "I ain't any worse than the rest. Women get drunk in other cafes, and there are rooms over other places."

"I'm not going to stand being made the goat. I haven't done anything that they should pick on me. What business is it of anybody's whether I lived with a woman or not? I ain't a married man, and I wasn't doing anybody any harm. And I was not responsible because she committed suicide in our rooms, either."

The defense of his actions offered by Hopkins would sound strange were it not for the known character of the man. A man who was known as the manager of the Hopkins Boulevard hotel on the old county road when that resort was recognized as the worst den of iniquity in California and was publicly characterized by the press as chief of police of Oakland as a "rotten hole," Hopkins is hardly the man who would be expected to make careful moral distinctions.

O. K. IS STAMPED. Yet in permitting Hopkins to retain a liquor license and the protection of the city council, the city council is stamping the resortkeeper with their approval as a man whom they consider to be of "good moral character." Hopkins' defense of his action is the natural outcome of the psychology of a man of the underworld.

But it is difficult to understand what defense can be offered by the members of the city council if they permit a man of this calibre to continue in a business protected and licensed by the municipality. The matter is to come up for consideration before the council within the next few days, according to Commissioner of Public Health and Safety Fred C. Turner.

In connection with Hopkins' denial that he has openly violated the ordinance, it may be pointed out that the rooms over the Hoffman have been under his charge, and have been used by his patrons. It may be pointed out that meals and wine have been served in these rooms to his patrons, that these meals and wines and liquors have been served after the legal closing hour in Oakland, and have been served from the Hoffman kitchen and from the Hoffman wine cellar.

It may be pertinent to inquire whether Hopkins has ever read the following provisions of the city ordinances:

Section 2 of Ordinance No. 3189 provides as follows:

"It is hereby declared unlawful for any person, firm or corporation owning or conducting any such restaurant, cafe, dining room, liquor saloon, bar, bar room, dram shop, dipping place or like place of public resort in which any malt, spirituous or fermented liquors or wines, or any admixture thereof, are licensed to be sold, given, delivered or served, to maintain therein or appurtenant to such restaurant, cafe, dining room, liquor saloon, bar, bar room, dram shop, dipping place, or like place of public resort, any private booth, room or compartment partitioned off by any wall, partition, door, curtain, blind, shade, curtain, screen or other obstruction."

Section 3. For the purpose of this ordinance any booth, room or compartment in or appurtenant to any such restaurant, cafe, dining room, etc., or any screened off place in, or appurtenant thereto, is deemed to be a private booth, room or compartment if the interior of said booth, room or compartment is not at all times open to and plainly exposed to public view either from the street or from such restaurant, cafe, dining room, etc., or from one of the main rooms regularly and habitually used by the general public therein, or if the premises to be so screened off are partitioned, door, curtain, blind, shade, curtain, screen or other obstruction.

## FIRE IN LONG W.P. TUNNEL STILL RAGES

## Efforts of Crews to Extinguish Railroad Blaze Are So Far Futile.

Passengers Are Transferred by Autos and Carriages; Traffic Continues.

PORTOLA, Cal., May 30.—The fire in the 6000-foot Chilkoot tunnel of the Western Pacific railroad, 79 miles east of here, is still raging and all efforts so far made to extinguish it have been futile. The air that issues in a blast from the east end of the tunnel, over a mile from the fire, is so hot that it scorches the ties of the track. The ground is so hot on the surface over the tunnel that it burns one's hand when touched. The timbers had burned out for a distance of 450 feet this morning and were still burning fast.

First Vice-President Schlacks, General Manager Levy, Engineer Wilcox, Superintendent E. M. Mason and Division Engineer Calvin of Sacramento arrived here last night and went to the tunnel to do what they can to aid in extinguishing the fire. The fire is probably the most serious obstacle that has befallen the operating department of the road since it took charge. J. B. Spellman is in direct charge of the work at the tunnel.

FAIL TO SEAL END. Yesterday men were put at work trying to seal the west end of the tunnel, but when their work appeared to be a success a slide from the inside swept away the bulkhead they had erected and the fire gained greater headway. There are about 250 men working at the scene now and a large portion of these are building a track over the Buckwilt Pass, a distance of two miles, over which the Western Pacific will carry its traffic while the tunnel is being restored to condition, which is expected to be several months. Passenger trains are being run to a point near each end of the tunnel and transfers made from one to the other by carriage or automobile so that there is very little interruption of traffic.

There will be but a few days' delay in forwarding perishable freight, as the temporary tracks will be ready for use by Saturday. Perishable freight is all rushed through over other lines.

An investigation is being made of a report that a short time before the fire was discovered a stranger was seen to go into the tunnel carrying what appeared to be a roll of fuse.

No Reason Is Given by Lewis for Killing of Mr. and Mrs. C. H. Tolliver.

SAN DIEGO, May 30.—Funeral services over the remains of C. H. Tolliver and his wife, who were killed by Bert G. Lewis last Saturday night at their home, were conducted this morning and the remains shipped to Los Angeles this afternoon for cremation.

D. D. Dodson of Red Bluff arrived in San Diego yesterday to arrange for the disposition of the bodies and to learn from Lewis what motive prompted the crime.

He visited Lewis at the county jail in the afternoon and was allowed to question the self-confessed murderer. Little resulted from the interview. Lewis refused to say why he killed the Tollivers and he would not say which of his victims died first. He declared he was not ready to tell his story yet.

## YOUTH DROWNS IN OAKLAND ESTUARY

Son of Nevada Mining Man Perishes in Sight of His Companions.

While swimming in the Oakland Estuary yesterday afternoon 16-year-old Wallace Wilson of 1510 Seventeenth street, was suddenly overcome with cramps, and drowned before his companions could come to his assistance.

Young Wilson is the son of Mr. and Mrs. L. Wilson, and was attending school. With several other boys he went to Peterson's bathhouse to go in swimming. When several hundred feet from shore Wilson threw up his hands and sank. One of his companions telephoned to the police while Emilie Stolz, who was one of the party with whom Wilson had gone swimming, made an effort to locate the body by diving repeatedly in the place where Wilson went down.

The body was finally recovered by boatmen, but not until young Stolz had become completely exhausted.

At the time of the accident Mrs. Wilson was visiting friends in San Francisco. The father is a mining man and is at present in Nevada.

## RATHER JAIL TERM THAN 'POOR FARM'

**Aged Woman Vagrant Is Too Proud to Spend Last Days in Almshouse.**

**MILWAUKEE, May 30.**—Hulda Polzin, 76 years old, was arrested and arraigned in district court charged with vagrancy. This aged, wretched-looking woman, according to the police, has been wandering around about the city for more than a week and has been sleeping in alleys and barns. What little she could

beg from passers-by, it is said, supplied her with food.

The woman, according to the police, has served many sentences for vagrancy.

Judge Neelen asked the woman to go to the poor farm, but the woman straightened a bit, flashed her eyes and said:

"No, I ain't that low as to go to no poor farm. I come from a good family,

I do, and I ain't going to end my last days in no poor farm."

"It's better than the house of correction, isn't it?" the court asked.

"No, it ain't. I'd rather take 90 days Judge, than go to the poor farm."

A 90 day sentence was imposed.

"One day I heard him argue thus for good bidding: 'If the men are not well housed in shops and stations, they will not do first class work. I know they can't for I have tried it. Again I heard him say: 'That ragged man loves his wife and children and friends as well as any of us. Perhaps that very fact led to his being a tramp.' Again: 'God knows how hard it is to work hard. I pity the man who has to do it against his will. But I pity more the man who can't do it if he has to.'"

"His sympathy for men made him reluctant to reprimand idleness and patient in his efforts to find out every man's line of greatest ability. He said to me once: 'I hardly ever find a man who is not first class in some respect. If he is hitched up right he will pull a load.'"

## UNIVERSITY BOYS NOW APPEARING AT THE BROADWAY

MORRIS GOLDEN

Booking quickly at the Broadway Theater, four well known University of California boys surprised their friends yesterday by appearing on the stage of this popular theater with a long list of carefully selected songs. The quartet has already sung its way into the hearts of the Broadway patrons and will probably break some records before their engagement closes.

Walker and Walker take care of the dancing and the new bill and introduce some new ideas in their own line. Richard Carl, a clean-cut young fellow, puts over his original song, "Steve," in good style. Dunbar and Laverne, "The Dutchman and the Lady," score heavy with a good line of rapid fire talk and parodies of popular songs. Yiddle with the Fiddle takes the house by storm and keeps the audience in an uproar. Thunders of applause prove that the comedy of the bill has taken tight hold of the Oakland audiences.

## HELP THE CHILD, ADVISES HYATT

State Instructor Deems That Examiners Should Be Easy With Pupils.

SACRAMENTO, Cal., May 30.—"Human nature cannot be measured on paper," says State Superintendent of Public Instruction Edward Hyatt in the May superintendent's bulletin issued today, by way of advising boards of education against placing too much emphasis upon final examinations for grammar grade pupils.

"In preparing examinations, boards of education often find it easy to lose sight of childhood as it is, in the mental picture of childhood as it ought to be. Children are weak, stumbling, ignorant, irregular, illogical, uncertain, careless. They make one hundred mistakes and every mistake that is possible, and then throw in a few for good measure. We cannot really test them by examination questions. Let us go easily, with wise tolerance and liberal allowance for the really test them by examination questions, or put them in embarrassing situations."

This is the result of the building of a municipal dock and bulkhead costing \$1,000,000. Construction has been begun.

# Compare the taste of Schlitz in BROWN BOTTLES with beer in light bottles

Schlitz is as pure when poured into your glass as when it left the brewery. It's the Brown Bottle. It keeps out the light. Light develops in beer a peculiar taste and a disagreeable odor.

This is not a theory. It is a fact proven by scientists.

Schlitz is properly aged before leaving the brewery.

It will not cause biliousness, nor ferment in your stomach.

Schlitz in Brown Bottles costs you no more than common beer in light bottles.

## EXCLUSION LEAGUE URGES RAKER BILL

Believes Dillingham Measure Opens the Way to Litigation.

WASHINGTON, D. C., May 30.—The Asiatic Exclusion League of San Francisco has sent a letter to Chairman Burnett of the House committee on immigration favoring Representative Raker's bill, which does not exclude all Asiatic laborers, over the Dillingham bill or any similar bill before Congress.

The letter says: "The league believes the Dillingham bill opens the way to litigation and discussion and tends to make the admission of an alien into the United States dependent upon the court's decision, and as a matter of principle, that is not what the league seeks to accomplish."

"The league seeks to keep out Asiatic laborers, and it sees no reason why it should not say so in plain terms and advocate a law to that effect which is unmistakable rather than go in a roundabout way which does not promise any certainty of accomplishment and the end presumably sought."

"In view of these considerations it is thought that particular feature of the Dillingham bill might be withdrawn and the bill introduced by Judge Raker substituted. The Raker bill covers the ground adequately, and in effect extends the present Chinese exclusion laws to every Asiatic laborer. That is all the most ardent supporter of the movement will advocate."

Raker yesterday, after urging the House immigration committee to favorably report his bill, gave out the following figures relative to the immigration of Japanese during the last two years:

July, 1910, to July, 1911. Admitted, 4620; departed, 3384; remained, 1166.

July, 1911, to July, 1912. Admitted, 5074; departed, 1235; remained, 1339.

Increase of those remaining the last year over the previous year, 678. Total increase in the Japanese population in this country besides the natural increase by birth for the last two years, 2905.

Raker said he is in receipt of letters from all over the country protesting against the Dillingham bill, particularly the literacy clause. Hebrew and Italian societies are particularly active against this bill.

HELPS A JUDGE IN BAD FIX. Justice Eli Cherry, of Hills Mills, Tenn., was plainly worried. A bad sore on his leg had baffled several doctors and long resisted all remedies. ## COLONEL TALKS AT GETTYSBURG

Roosevelt Memorial Day Oration on the Famous Battlefield.

GETTYSBURG, Pa., May 30.—Thousands of persons from all over Central and Southern Pennsylvania and from the northern border of Maryland took part here today in the Memorial Day exercises on the famous battlefield. Interest was added because of the presence of Colonel Theodore Roosevelt, who was scheduled to make two addresses.

The former President came here at the invitation of the Brotherhood of Locomotive Engineers, who dropped their convention work at Harrisburg for the day to go to the battlefield. Colonel Roosevelt was scheduled to make his first address at a luncheon to be given by the engineers. His second address was set for the National Cemetery later in the day.

Preceding the exercises on Cemetery Ridge, a civic and military parade moved through the streets of Gettysburg and out to the battlefield.

STREW FLOWERS ON LAKE. CHICAGO, May 30.—Flowers were strewn on Lake Michigan as a tribute to the men who perished in the nation's wars. This picturesque observance of Memorial Day took place off Grant Park close to the business center of the city and most conspicuous spot on the waterfront of Chicago. Crowds lined the shore to witness the ceremony. Later, in the day hundreds of thousands of people lined up in Michigan and Jackson boulevards and cheered the survivors of the Grand Army of the Republic, who marched in review before Governor Deussen and General Ramsey D. Potts, U. S. A.

## Oaks' Shortstop Has an Off Day and So Has the Ump, and Sharpshooters Lose

### COOK AND CASEY FOZZLE AND OAKS ARE LOSERS

Shortstop Makes Many Disastrous Bobbles and the Umpire Fails to See Foul Ball

By BERT LOWRY.

Vernon 5, Oakland 3.

One Doc Cook, shortstop of the Oaks, and one P. Casey, umpire of the Pacific Coast League, were the main offenders in the ball game at Recreation Park in San Francisco yesterday afternoon, and that is the reason why our hopes and prizes were kept out of first place, and it is also the reason why Vernon made five runs, while the Oaks made but three. Every time Tyler Christian starts a ball game there is the hue and cry about his "horseshoe." Never is the man given credit for hurling real baseball. If he wins it's "Tyler has his horseshoe." If he loses, then "Tyler has lost his horseshoe."

Fidestocks on that talk. Tyler Christian pitches baseball as good as any man in the Coast league and in yesterday's game had Doc Cook been steady and Pearl Casey been of good eyesight Vernon would have been very successful as well as the Oaks.

Getting right down to the A. B. C. of the game, here's the way all the runs were made. Size it up and then judge whether it was Tyler's pitching or the bobbles of Mr. Cook and the off-day umpiring of Mr. Casey that beat the Oaks.

WHERE CASEY BOBBLED.

Both teams gathered bingles in the first and second innings, but the four were of no consequence. In the third Vernon landed three on the score board. Brown was first to the firing line and died on a poke to Coy. John Raleigh hit a slow tantalizer to Cook. Doc couldn't land his man at third, but he pegged away and the heavy was so burn that John went to second. Has Cook held the ball John would have been held at first. Next comes Carlisle, and he slammed one down the first base line. First the ball struck foul on its course to right field and it passed first base in four territory. Casey called it fair and Carlisle was given a two-bagger. Kane went out, Christian to Sharpe. Hosp, who replaced Patterson, singled to left and Brasher was passed. Bayless gathered a hit to left and then Hoffmann, Frick and Helling got Brasher trying for third. Counting it up, there were three runs. Surely if there was any luck there it was all against Tyler and the Oaks.

VERNON GATHERS ANOTHER.

By the next round Mr. Cook went again. Litsch, starting the round, was passed and went to second. Ed Kelly's single, Brown did well and sacrificed. Raleigh hit to Tyler and he nipped Litsch at the rubber. Burrell went to third, while Raleigh held to first. John and Len, played the double steal. Mike Wagner perfectly to Cook, but he swung back to the plate like a buster, and Burrell was over. Carlisle ended the round with a pop-up to Helling.

The last run of the Hooligans was a clean-cut one and really it is all that they were entitled to. Carlisle gathered a single and went to third on Kane's whang. Hosp. poked out to Coy and Carlisle beat the back throw of the pail to the rubber.

That's all for the Hooligan side of the

story, but just figure it up and show us where Tyler had any horseshoes.

HOW OAKLAND GATHERED.

Oakland gathered three all told. In the third they gave their backers hope by landing two of those. Tyler, first to the pan, worked Raleigh for a pass and went all the way to the rubber on a triple to centerfield from the big leg of Jimmy Frick. The ball took a nasty bound right in front of Kane and rolled to the clubhouse. Frick, a moment later, came home when Zacher whanged a long liner into leftfield that Carlisle made a great catch of.

In the fourth inning the Oaks landed another. Cook made up in a measure for his bobbling with a single to leftfield and went to second on a P. B. After Sharpe had fanned Mike singled to right and Cook tallied. After that, while we had chances galore, the power behind the war clubs was missing and the Oaks couldn't hit when hits were needed.

Seals Have a Bad Inning and Angels Gather Enough to Annex the Game.

LOS ANGELES, May 30.—When you bunch two doubles and a single in one inning, some runs are going to come over. That's what happened to the Seals yesterday, and it is why Cook Henley dropped another game after holding the Angels to four hits. Hard luck to lose such a tight, but on their side the Seals got but five swats of Chech.

The Angels won won, 2 to 1, but it was not a contest that any one would go crazy over. The whole thing was finished in an hour and a half. There was only one play above the ordinary.

The Angels made their two runs in the fourth and the Seals got their lone tally in the second, but four men got to third base on both teams. The only one lucky enough for the Seals was Burrell, who singled to left and the Seals got there on a single, two doubles and an out.

### CONGRESSMAN WON'T STAND FOR FAKE PICTURES

WASHINGTON, May 30.—Representative Redden of Oregon today introduced a resolution to prohibit the interstate transportation of moving picture films of prize fights.

He admitted it was intended to prevent a reproduction of the Johnson-Flynn fight at Las Vegas, N. M., July 4.

In presenting it to the meeting the girl who, while hypnotized, was to sing to the accompaniment of a phonograph, Dr. Miller said that the girl had told him that her employer, an amateur hypnotist, had relieved her of her headache by hypnosis.

The girl had met many singers in the doctor's office and sometimes said she would like to go on the operatic stage. She knew she didn't have a very good voice, and once she asked to be hypnotized and allowed to sing, accompanied by a phonograph.

The experiment and the girl sang soprano and tenor songs easily, accompanied by the voices of well known operatic singers.

For the audience of 200 men she sang "The Rosary" and after she had finished she was taken around, still in a hypnotic state, and introduced to members of her audience.

### STAGE STRUCK GIRL BECOMES HYSTERICAL

CHICAGO, May 30.—While the lobby at the Broadway theater last night was crowded with people coming to see the show a young woman who is believed to be Helen Lester of Louisville, Ky., became hysterical and was carried screaming into the women's waiting room. A physician and a trained nurse accompanied her to the waiting room.

The young woman, who is about 21 years old, arrived here on the Elgin yesterday morning and was taken to the Broadway theater building in the afternoon and asked for Lew Fields. She said that she was a theatrical singer and that she had just returned from Europe with only 25 cents in her possession.

Although she was informed by employees that Mr. Fields would be able to give her a position, the young woman huddled around most of the afternoon, she returned again in the evening. The hysterical outbreak came soon afterward. The girl had met many singers in the doctor's office and sometimes said she would like to go on the operatic stage.

For the audience of 200 men she sang "The Rosary" and after she had finished she was taken around, still in a hypnotic state, and introduced to members of her audience.

### WHAT! BEAVERS WIN ANOTHER ON BALL FIELD?

Mac's Men Showing Vast Improvement and Hum Town Fans Are Pleased.

PORTLAND, Ore., May 30.—The Beavers celebrated their return from California by winning a hotly contested game from Mac's men, 2 to 1, in the eighth inning. The Beavers were in the lead from the first to the last moment. A ninth-inning rally by the Senators, which filled the stadium with cheering, was nipped by a beautifully executed double play.

Portland started the scoring in the second inning, when Haggis doubled and scored on Burrell's single. Then Spiller lightened up until the sixth, when Benorot smashed out a long three-bagger, which scored two runs.

Mac's men showed signs of improvement in the fourth when Spiller hit three hits, one a two-bagger by Swain, which tied the score; but rapid fielding and Doane's sacrifice hit in the fifth held the enemy to a single score.

Baum was in serious danger in the seventh, when he was pitching on a semi-pro team this year, having given up the return of outfielder Doug Brinker to the Vancouver team. The price was \$1,000.

Struck out by Koesterer 3, by Baum 1, bases on balls—off Koesterer 3, two-base hit—Baum, Swain, O'Rourke. Three-base hit—Bannett. Double play—Koesterer to Rapp; Rapp to Rogers. Sacrifice hit—Bannett. Umpires—Finney and Wheeler.

### PLENTY OF EXCITEMENT IN STORE FOR RING FANS

Miller and Elder Will Meet Tomorrow Night at Dreamland, While Rees and Burns Clash Next Wednesday

Louie Rees, the Los Angeles lightweight who is to swap punches at Piedmont Pavilion under the auspices of the Oakland Wheelmen on June 5, spent another busy day on the road and in the gym at Al White's place yesterday afternoon, and the more the fans see of the youngster the better they like his dashing style. While the fans are not picking him a winner, for their is no getting by the fact that he will have to be pretty good to win over Frankie Burns, the follower of the game does go on record in his declarations that Rees will give Frankie Burns a tough old time of it when they mix next Wednesday night.

Rees impresses one as being a real game fighter who has youth, strength and ambition and a burning desire to be heralded as the champion of the world.

Coupled with this preliminary there is a six-round bout on the cards between Eddie Rich and Jimmy Pitts, and this too should prove a hummer. Besides this great array of talent Moffitt will stage two four-round bouts between fast youngsters.

HEAVYWEIGHTS IN TRIM.

Charley Miller and Soldier Elder who are to swap punches at Dreamland Rink tomorrow night have about finished training for the battle and are at it and ready for a grueling bout.

Miller and Elder went four fast rounds and drew a couple of weeks back. Miller fought Elder in the first round and then Elder came back at the finish and put Miller in his back. He seemed to have all the best of the match and the bell sounded the finish of the battle.

In addition to the scrap between the giants, there will be several other interesting ones between little fellows. Chief among these is the Red Watson-Abe Label go. This should furnish plenty of excitement for the fans.

Spiller, who boxed with Sol Burns for three rounds and then took Otto Borg for another three-round bout, is noted for his punching ability, still both are entertaining lads who keep going all the time. They are better to go round than most of the other fellows.

GREAT PRELIMINARIES ON CARD.

Allowing that the main event should not be up to expectations, the preliminary that Matchmaker Moffitt has signed will furnish excitement enough to last a week. Willie Robinson and Billy Burns will stage a six-round bout, and the engagement of these two lads was as good as any mill the Wheelmen or any other club has had since the war. It was hammer away and pepper all the time and after six rounds of the most torrid

mill the referee called the bout a draw.

White likes Louie Rees. A. White, a keen judge of the boxer, thinks that Louie Rees has all the earmarks of a champion. White says that he does not pick Rees to win from his opponent, but he says that Rees will give an excellent account of himself in the scrap. He is a strong, willing and aggressive boy with the best of habits and real confidence in himself.

If the writer's opinion is worth a bill of beans, he too looks upon Rees as a boy that will be hammering away at Burns from top of song until the final and whether or no he wins Burns will wake up the next morning emphatically impressed with the reality of the fight

The regular annual meeting of the Pythian Hall Association will be held at the office of the Association at 1212 Fourteenth street, Oakland, on Tuesday, the 4th day of June, 1912, at 8 p. m., for the purpose of electing a Board of Directors to serve for the ensuing year and the transaction of such other business as may come before the meeting.

## KOLB, THE DILL PICKLE; VALE ATQUE, NEVER AGAIN

Comedian (?), in Role of Chantecler, Like  
Poe's Raven Croaking, 'Never More'

(BY G. P. BEAUMONT.)

Kolb and Dill went up the hill  
To corner all the laughter  
But Kolb fell down  
And broke his crown  
And was peevish ever after.

Like Rostand's Chantecler, who  
thought that the sun rose because he  
crowed, and the success of the un-  
derneath upon the flapping of his  
wings, the exhausted C. Westlake  
Kolb again last night strutted into  
the calcium at the Macdonough and  
proclaimed himself a much-maligned  
Dill pickle.

Kolb crowed and Kolb crowed, and  
nothing but a desire to listen to pos-  
sible applause, and note the rising  
sun, kept him from acting the part  
of a perpetual barnyard alarm. But  
Kolb's sun is set; never to rise again,  
and naught remains but to cut his  
comb—haste with the shears.

Least it might be inferred from this  
that the show at the Macdonough  
was not worth patronizing, quickly let  
it be said that "The Girl in the Train"  
is as clever a froth of its kind and as  
well staged as Oakland has seen in  
many a day. The fly in the ointment,  
or the lamer in the sugar bowl, or the  
bloke (apell it backward if you want  
to) that kept us from falling violently  
in love with "The Girl in the Train" is  
abnormal assembly of Dill's clowning,  
which inflates like a Zeppelin X un-

der the slightest provocation. Ap-  
parently the only remedy is for Dill  
to don stilt, but a pin at the end of  
his boot and rope a Kolb kick to the  
belly with a Lois Fuller to the head—  
if the kick was hard enough it might  
penetrate to the wood—then again it  
might not, but the experiment would  
be a failure, not to say welcome.  
It might also be interesting if Dill,  
some evening, would enlighten the  
public regarding that famous Court  
in Coventry over which the Teutonic  
knights reigned, just before their sep-  
arate. The animosity between the  
two men was an open secret. On the  
stage, they chaffed and piled the slap-  
stick, but, finally, not even the magic  
shekels were potent enough to keep  
of a perpetual barnyard alarm. But  
Kolb's sun is set; never to rise again,  
and naught remains but to cut his  
comb—haste with the shears.

Finally the interests of the pair  
were formally divorced and though  
friends of both mercifully forbore to  
place the blame where it belonged.  
Max Dill received a spontaneous and  
significant ovation when he appeared  
for himself as a legitimate star, and  
Kolb went into vaudeville with a deli-  
cious setting.

Kolb's strongest stunt was to hold  
his nose when he lifted the cover from  
a limburger cheese, but the poor  
cheese, while it smelled to heaven,  
was not the only rotten thing in the  
performance, oh, no, there were  
others.

The delicatessen shop finally twin-  
kled to just one cheese, and Dill took  
his old partner back again. Kind  
hearted, clever, and really funny Dill,  
the redeeming feature of the Dill  
pickle.

That odor of perspiring cheese still  
hangs around the relations of the  
unfortunate Kolb. His day is  
done, his humor is the decomposing  
fragrance of an antediluvian toad.

Like Poe's Raven, he hops ungrain-  
ly across the threshold of the ha-beens  
And the Heaven, ever yawning,  
Still is squawking, still is squawking  
On the pallid, bust-d Pallas  
Of the ancient days of Yore  
And the calcium o'er him streaming  
Thence a shadow back to shadow  
And a laugh from out that shadow  
That lies (heings) on the floor  
Shall be lifted.

Never More!

## ART CRITICS VIEW PIEDMONT PARK COLLECTION

Great Crowds Take Advantage  
of Frank C. Havens'  
Hospitality.

RICHARD PARTINGTON  
IS WELL REPRESENTED

Achieves Masterpiece in Won-  
derful Portrait of Mrs.  
Havens.

So great has been the interest in the  
Frank C. Havens Piedmont Art Exhibit  
that a crowd of people gathered in the  
park early yesterday morning long be-  
fore the doors were opened. During the  
hours of the exhibition on the first day  
yesterday 1100 people passed through the  
gates, and the rush of visitors today was  
unprecedented.

The intelligent comments of the people  
and their appreciation of the marvelous  
collection speaks well for the artistic de-  
velopment of the cities about the bay.

A favorite in the gallery is "Sunshine  
and Tempests" around which there is  
always a crowd and concerning which  
many questions were asked yesterday.  
It is in the last room, and is Welsh's  
famous picture, the sunlight so wonder-  
fully real, as it lies across the slopes  
of Tarnapels. If Welsh could reproduce  
that sunshine it would mean thousands  
of dollars for him.

Many questions are asked in regard to  
the beautiful Correggio. That also is  
in the last room, and is a picture of Mary  
Magdalen in character. For here are the  
face is wonderfully beautiful, and a Holy  
Book rests upon a skull, as if to show  
that there is comfort and hope even in the  
fearing hours of life.

MAN VSURPRISES  
In passing through the gallery one  
comes to room 7, and here another of  
the great surprises of the exhibit. The  
hibit awaits the visitor. For here are the  
wonderfully life-like portraits that are  
the work of Richard Partington, the mod-  
est unassuming painter of Piedmont, who  
cannot help fame from claiming him as  
own. For Richard Partington is fa-  
mous beyond the bay for his life-like por-  
traits tell their story.

He has achieved his masterpiece in the  
portrait of Mrs. Frank C. Havens. A por-  
trait that reminds one of the fine English  
and French pictures that have come down  
to us from the masters, and a portrait  
that we ourselves will send down the  
ages.

The portrait instantly arrests one's at-  
tention, with its perfect pose, its dig-  
nity, its sweetness, its repose. There is  
something about it unique, original, dif-  
ferent.

It has a certain wistful fascination  
about it that does not analyze, but as a  
complex soul may baffle thorough under-  
standing. If one had never known Mrs.  
Havens, one would be perfectly sure that  
the likeness was there.

ADMIRABLY CHOSEN.  
The pose is admirably chosen. Mrs.  
Havens is seated in a chair, looking off  
apparently into the future. There is  
something most perfect about the pose,  
and a wonderful charm in the expression  
of the face. And the beautiful gown is  
admirably chosen, just the quaint artistic  
gown that the picture ought to carry  
down the ages. Mr. Partington paints  
texture in a wonderful way, as we see  
almost able to touch this rare gown with  
its dainty ruffles and the quaint sleeves  
with the ruffles falling away from the  
beautifully modeled hands.

One is taught to judge of the mediaeval  
artists by the way they paint hands and  
feet, and the modeling of the hands in  
Partington's portraits is exquisitely  
beautiful.

The hair also in the portraits carries  
a sense of life that is most striking. Mrs.  
Havens' portrait alone, in its distinction,  
in its most unusual charm in its fas-  
cinating life-like characteristic, could  
almost stamp Partington as the first ar-  
tist of note as one of the first artists  
of his day. He has painted a picture to  
carry a message down the future, from  
the hills of California.

Mrs. Wickham Havens' portrait is also  
a most superb study. It is a life-size  
pose and the picture stands perfect with  
it. Mrs. Havens is beautiful and the  
beauty has been transferred to the  
canvas in a remarkable manner. She is  
painted in an unusually attractive  
gown of yellow and she reminds one of  
other famous paintings, especially the  
one of the Virgin Mary. The modeling of  
the face and arms is perfect and the color  
tones of the face are absolutely true. It  
is a superb picture, beautifully correct  
in every detail, with a subtle sympathetic  
character understanding that is the  
birthright of the true art. It is one of  
Mrs. Richard Partington's best. It is one of  
Oakland's very beautiful women and her  
portrait is exquisitely painted. She is wear-  
ing a gorgeous Chinese coat and the  
study is most picturesque.

Mrs. P. E. Bowles represents another  
very successful study in portraiture. Mrs.  
Bowles is painted in a fascinating ef-  
fective evening gown and she has such a  
fine dignified carriage that her pose is  
particularly pleasing.

Mrs. Amy Bowles, now Mrs. Hiram  
Johnson Jr., posed for a study of a head,  
and the face is beautifully outlined  
against the shadow of a wide black hat.

IN STREET COSTUME.  
The portrait of Mrs. John McNeat is  
painted in street costume. One sees a  
charming woman in a tall gown with  
furs and a wide hat with white feathers.  
Two portraits would especially challenge  
attention for their exceedingly fine color  
tones, the portraits of Mrs. Harry Max-  
well and Mrs. Edward Eng. They are  
strong, true, faithful portraits, superb  
studies in oil.

Mr. Partington has also painted Miss  
Florence Henshaw but as she is in  
Europe her portrait is not on exhibition.  
One hears that it is a specially fine pic-  
ture and one hears that the little Pic-  
casso-like face which Miss Henshaw always  
carries has its place in the picture.

Many parties are organized for a visit  
to the Piedmont gallery this week. Mrs.  
Hearst came from Pleasanton yesterday  
afternoon and was the guest of Mr. and  
Mrs. Havens. She is a good art critic  
and her surprise was evidenced at the  
treasures unfolded to her gaze in the  
Piedmont Art Gallery.

The exhibition, the greatest event on  
this side of the bay in many months,  
will continue through today and tomor-  
row, affording hours of interest and profit  
to many hundreds of visitors.

## DINKLESPIEL AT LOCAL ORPHEUM IN CAPITAL SKETCH

BERNARD A. REINOLD

Mlle. Fregoleska, the famous prima  
donna who is singing at the Oakland Or-  
pheum to the delight of music lovers, will  
close her week's engagement next Satur-  
day night. The little "Rumanian Night-  
ingale," as she is called has achieved  
genuine success at the Orpheum. Her  
voice is marvelously sweet and perfectly  
trained and her personality is of the be-  
witching sort which wins an audience  
instantly. All of the remainder of the  
Orpheum program will be seen until  
Saturday, as a complete new bill is to be  
staged next Sunday. Dinklespiel's Chris-  
mas is one of the acts that theater-goers  
will say good-bye to with regret. This  
sketch by George Hobart is rated as one  
of the classic.

W. H. Lytle, with his farcical will  
close next Saturday. Their delightful  
comedy, "An All-Night Session," is one of  
the big hits of the bill this week and de-  
serving of a special mention.

Stuart Barnes, the prince of monolog-  
ists, will be seen only until Saturday.  
Others on the bill will remain but this  
week only include Bert and Lottie  
Walton, singing and dancing artists, the  
Weston and Bentley musical quartet, the  
four Holliday twin cyclists.

When Sunday rolls around the Orpheum  
expects to stage a tremendous show.  
There are two stars on the bill next Sun-  
day who will probably be the talk of the  
town after they open. One is Theodore  
Roberts, considered the greatest character  
actor in America, and the other is Miss  
Ray Cox, a remarkable versatile com-  
edienne. Both of these artists have regis-  
tered a smashing hit at the San Fran-  
cisco Orpheum and there is plenty of keen  
anticipation of a treat on the part of  
Oakland theatergoers, over Theodore Ro-  
berts and Miss Ray Cox.

A dainty half dozen girls, the six Kirk-  
smith sisters, will provide a delightful  
musical feature, one of the classic on  
the stage.

A novelty from abroad will be the Paul-  
ham team of bicycle basket ball players  
who are about to touch this rare sport in  
Oakland. They are coached by the famous  
Nagell and Kane, a comedy singing act;  
the Lelandas, with some novelty trans-  
parent paintings and other features will  
be found on the program next Sunday.

## SHOOTS BROTHER WHILE HUNTING

Eight - Year - Old Boy Fatally  
Wounds Older Youngster  
With Gun.

Manuel Motts, the twelve-year-old son  
of Manuel Motts, of San Ramon, who was  
accidentally shot in the head with a 22-  
calibre revolver, is lying in a critical  
condition at Merritt hospital, where he  
was brought after the accident by Dr. U.  
C. Hulsberg, of Hayward.

The lad was operated on Tuesday night  
the bullet being removed from the skull  
where it had imbedded itself. Little  
hope is held out for his recovery.

There were no witnesses to the shoot-  
ing, which took place on the Weldman  
farm, on the Norris canyon road, about  
three miles from San Ramon. Manuel  
and his eight-year-old brother were hunt-  
ing together, and it is believed that the  
younger brother accidentally shot Manuel.

## PORTLAND WOMAN IS SHOT AND KILLED

BEND, Or., May 30.—Carrie Pat-  
terson, whose home was said to be in  
Portland, was shot here late Tuesday,  
dying from her wounds two hours  
later. Carlos Lawson, her companion,  
is in jail charged with murder, suf-  
fering from bullet wounds in the  
cheek inflicted by T. H. Jones, a Port-  
land man, in the rooming-house where the  
shooting of the woman occurred.  
Jones, who undertook to save the  
woman, is held in jail on a charge of  
assault with intent to kill.

## SELF-ROBBED, HE WANTS OFFICERS

Inebriate Demands Services of  
Detectives to Find Ccin  
He Spent.

SAN FRANCISCO, May 30.—Two  
detectives were demanded for im-  
mediate service by Michael, Riley,  
stevedore, who walked into the Har-  
bor station at 8 o'clock this morn-  
ing. One sleuth would not suffice  
for the needs of Riley, and he must  
have at least two to solve the mys-  
tery of the robbery of his person dur-  
ing the night. Had not Riley pre-  
viously consulted with Officer Con-  
nor his request might have been  
granted, but Sergeant Duncan had  
been waiting for him and proceeded  
to teach him that \$145 is a very  
small amount to pay for getting beau-  
tifully drunk. Riley obtained a \$5  
advance on his salary last night and  
purchased a suit case for \$2 from  
Joseph Harris' store on the Embar-  
cadero. He then left and two hours  
later he told Officer Connor that he

had been robbed. At that time he  
was under the influence of liquor and  
had \$155 in his pocket. The police-  
man having learned where he spent  
his coin, turned him adrift, even  
though he then demanded the ser-  
vices of plain clothes men. When he  
reached the station today he was  
penitent and after he had said his  
say was locked up for drunk.

## PLAGUE RAGES IN CROWDED HONGKONG

KONGKONG, May 30.—Bubonic  
plague, the worst in years, is raging.  
The cases here average 30 daily. Last  
week's total was 139 cases and 165  
deaths. The total since the outbreak  
is 1069 cases and 951 deaths.

Energetic cleansing measures have  
been adopted, the military assisting  
the local authorities.

The situation is aggravated by a  
protracted drought, intermittent water  
supply and the crowded state of the  
colony since the revolution.

## BURGLARS LOOT HOMES.

SAN FRANCISCO, May 30.—Burg-  
lars broke into the home of Mrs. A.  
L. Buttgenbach, 4505 California street,  
last evening and stole jewelry to the  
amount of \$55.

The residence of Hugh Nesbitt of  
385 Tenth street was ransacked by  
sneak thieves yesterday and clothing  
to the amount of \$91 taken.
